EXPLANATORY NOTE

On February 27, 2023, TEGNA Inc. (“TEGNA,” the “Company,” “we,” “us,” or “our”) filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2022 (the “Original Form 10-K”). The Original Form 10-K omitted Part III, Items 10 (Directors, Executive Officers and Corporate Governance), 11 (Executive Compensation), 12 (Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters), 13 (Certain Relationships and Related Transactions, and Director Independence) and 14 (Principal Accountant Fees and Services) in reliance on General Instruction G(3) to Form 10-K, which provides that such information may be either incorporated by reference from the registrant’s definitive proxy statement or included in an amendment to Form 10-K, in either case filed with the Securities and Exchange Commission (the “SEC”) not later than 120 days after the end of the fiscal year.

This Amendment No. 1 to Form 10-K (this “Amendment”) is being filed solely to:

- amend Part III, Items 10, 11, 12, 13 and 14 of the Original Form 10-K to include the information required by such Items; and
- file new certifications of our principal executive officer and principal financial officer as exhibits to this Amendment under Item 15 of Part IV hereof, pursuant to Rule 12b-15 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

This Amendment does not otherwise change or update any of the disclosures set forth in the Original Form 10-K and does not otherwise reflect any events occurring after the filing of the Original Form 10-K.

Committees of the Board of Directors

The Board of Directors conducts its business through meetings of the Board and its four standing committees: the Audit Committee, Leadership Development and Compensation Committee, Nominating and Governance Committee, and Public Policy and Regulation Committee. The Board also has an Executive Committee (not shown on the chart below) made up of the Board Chair, the CEO and each of the Board committee chairs, that may exercise the authority of the Board between meetings, as required. The chart below shows the current membership and chairperson of each of the standing Board committees and the number of committee meetings held during 2022. Each member of the Audit, Leadership Development and Compensation, Nominating and Governance, and Public Policy and Regulation Committee meets the applicable independence requirements of the SEC and NYSE for service on the Board and each committee on which she or he serves.

Audit Committee

The Audit Committee assists the Board of Directors in its oversight of financial reporting practices and the quality and integrity of the financial reports of the Company, including compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function. The Audit Committee appoints and is responsible for setting the compensation of the Company's independent registered public accounting firm. The Audit Committee reviews the Company's independent registered public accounting firm's qualification, performance and independence on an annual basis.

The Audit Committee also provides oversight of the Company's internal audit function and oversees the adequacy and effectiveness of the Company's accounting and financial controls and the guidelines and policies that govern the process by which the Company undertakes financial, accounting and audit risk assessment and risk management. In connection with the Ethics Policy, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting controls or auditing matters and the confidential, anonymous submission by employees of the Company of any accounting or auditing concerns. In addition, the Committee monitors the Company's finance- and investment-related diversity and inclusion efforts, including the Company's investment, procurement and purchasing involving minority-owned businesses.

The Audit Committee members are not professional accountants or auditors, and their role is not intended to duplicate or certify the activities of management and the independent registered public accounting firm.

The Board has determined that each of Bruce P. Nolop, Stuart J. Epstein and Karen H. Grimes is an audit committee financial expert, as that term is defined under SEC rules, and is independent, as defined in the NYSE listing rules.

Executive Committee

The Executive Committee may exercise the authority of the Board between Board meetings, except as limited by Delaware law. In 2022, the full board was able to review all items requiring Board oversight or approval and did not require the Executive Committee to act in its stead.

Leadership Development and Compensation Committee

The Leadership Development and Compensation Committee discharges the Board's responsibilities relating to the compensation of the Company's executives and has overall responsibility for the Company's compensation plans, principles and programs. The Committee also monitors the Company's human resources practices, including its performance in diversity, inclusion and equal employment opportunity, and supports the Company's commitment to

diversity and inclusion and the continuation of the Company's successful efforts to gain and maintain diversity among its employees and management.

Under its charter, the Committee may, in its sole discretion, engage, retain and compensate any compensation consultant, independent legal counsel or other adviser it deems necessary. In selecting a consultant, counsel or adviser, the Committee evaluates its independence by considering the independence factors set forth in applicable SEC and NYSE rules and any other factors the Committee deems relevant to the adviser's independence from management.

The Committee retains Meridian Compensation Partners, LLC (Meridian) as its consultant to advise it on executive compensation matters. The Committee has determined that Meridian is an independent compensation consultant based on a review of the independence factors considered by the Committee.

Meridian participates in Committee meetings as requested by the chair of the Committee and communicates directly with the chair and other members of the Committee outside of meetings. Meridian specifically has provided the following services to the Committee:

- Consulted on various compensation plans, policies and practices;
- Participated in Committee executive sessions without management present;
- Assisted in analyzing executive compensation practices and trends and other compensation-related matters;
- Consulted with management and the Committee regarding market data used as a reference for pay decisions;
- Consulted on the structure of the equity award program; and
- Reviewed the CD&A and other compensation related disclosures contained in this report.

Nominating and Governance Committee

The Nominating and Governance Committee regularly monitors the composition of the Board to ensure that it has the necessary mix of skills and experience to support the Company's strategic focus, including diversity of thought, age, experience and racial, ethnic, and gender diversity. The Committee is charged with identifying individuals qualified to become Board members, recommending to the Board candidates for election or re-election to the Board, and considering from time to time the Board committee structure and makeup. The Committee also monitors and takes a leadership role with respect to the Company's corporate governance practices.

The Nominating and Governance Committee charter sets forth certain criteria for the Committee to consider in evaluating potential director nominees. In addition to evaluating a potential director's independence, the Committee considers whether director candidates have relevant experience and skills to assure that the Board has the necessary breadth and depth to perform its oversight function effectively. The charter also encourages the Committee to work to maintain a board that reflects the diversity, in terms of gender, age, race, ethnicity and other self-identified diversity attributes of the communities the Company serves, and to support that goal through appropriate board-level self-assessment, nomination and recruitment processes. The Committee evaluates potential candidates against these requirements and objectives. For those director candidates who appear upon first consideration to meet the Committee's criteria, the Committee will engage in further research to evaluate their candidacy.

The Nominating and Governance Committee periodically retains search firms to assist in the identification of potential director nominee candidates based on criteria specified by the Committee and in evaluating and pursuing individual candidates at the direction of the Committee. The Committee will also consider timely written suggestions from shareholders. In addition to satisfying the requirements under our By-Laws, to comply with the SEC's universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees at any annual meeting of stockholders must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than 60 days prior to the anniversary of the previous year's annual meeting date, except that, if we did not hold an annual meeting during the previous year, or if the date of the meeting has changed by more than 30 calendar days from the previous year, then notice must be provided by the later of 60 calendar days prior to the date of the annual meeting or the 10th calendar day following the day on which we first announce the date of the annual meeting.

The By-laws of the Company establish a mandatory retirement age of 73 for directors who have not been executives of the Company and 65 for directors who have served as executives, except that the Board of Directors may extend the retirement age beyond 65 for directors who are or have been the CEO of the Company. The Company's Principles of Corporate

Governance also provide that a director who retires from, or has a material change in responsibility or position with, the primary entity by which that director was employed at the time of his or her election to the Board of Directors shall offer to submit a letter of resignation to the Nominating and Governance Committee for its consideration. The Committee will make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether other action should be taken.

In July 2022, Mr. Epstein resigned from his position with DAZN Group and in February 2022, Mr. Elias informed the Board that he was retiring from Dell Technologies, effective May 5, 2023. In accordance with the procedures outlined in the Company's Principles of Corporate Governance, Mr. Epstein and Mr. Elias each offered to submit a letter of resignation to the Committee for consideration in connection with their respective changes in employment status. In both cases the Committee recommended that the Board not accept the resignation offers and the Board accepted the Committee's recommendations. With respect to Mr. Epstein, it was the sense of the Committee, and the Board more generally, that Mr. Epstein's extensive knowledge of media, technology and capital markets, as well as his deep transactional experience, expertise in overseeing strategic business initiatives and financial acumen would continue to make him a valuable member of the Board. With respect to Mr. Elias, it was the sense of the Committee, and the Board more generally, that Mr. Elias is an exemplary leader of the Board, as most notably illustrated by the valuable strategic guidance he provided in connection with the negotiations relating to the Merger Agreement, and that Mr. Elias's extensive experience overseeing M&A and new business development and his comprehensive global business and management experience in information technology, would continue to make him an invaluable asset to the Board.

Public Policy and Regulation Committee

The Public Policy and Regulation Committee assists the Board in its oversight of risks relating to legal, regulatory, compliance, public policy and corporate social responsibility matters that may impact the Company's operations, performance or reputation. The Committee's duties and responsibilities include reviewing and providing guidance to the Board about legal, regulatory and compliance matters concerning media, antitrust and data privacy, and monitoring legislative and regulatory trends and public policy developments that may affect the Company's operations, strategy, performance or reputation. The Public Policy and Regulation Committee also is responsible for reviewing compliance with the Company's Ethics Policy and assuring appropriate disclosure of any waiver of or change in the Ethics Policy for executive officers, and for reviewing the Ethics Policy on a regular basis and proposing or adopting additions or amendments to the Ethics Policy as appropriate. In addition, the Committee monitors the Company's policies and programs relating to corporate social responsibility, sustainability, and ESG-related matters within its purview, and periodically discusses with management the Company's initiatives for promoting racial and ethnic diversity in its news and other content.

Committee Charters

The written charters governing the Audit Committee, the Leadership Development and Compensation Committee, the Nominating and Governance Committee and the Public Policy and Regulation Committee, as well as the Company's Principles of Corporate Governance, are posted on the Corporate Governance page of the Company's website at www.tegna.com under the "Investors" menu. You may also obtain a copy of any of these documents without charge by writing to: TEGNA Inc., 8350 Broad Street, Suite 2000, Tysons, Virginia 22102, Attn: Secretary.

Ethics Policy

The Company has long maintained a code of conduct and ethics (the "Ethics Policy") that sets forth the Company's policies and expectations. The Ethics Policy, which applies to every Company director, officer and employee, addresses a number of topics, including conflicts of interest, relationships with others, corporate payments, the appearance of impropriety, disclosure policy, compliance with laws, corporate opportunities and the protection and proper use of the Company's assets. The Ethics Policy meets the NYSE's requirements for a code of business conduct and ethics as well as the SEC's definition of a code of ethics applicable to the Company's senior officers. Neither the Board of Directors nor any Board committee has ever granted a waiver of the Ethics Policy.

The Ethics Policy is available on the Corporate Governance page of the Company's website at www.tegna.com under the "Investors" menu. You may also obtain a copy of the Ethics Policy without charge by writing to: TEGNA Inc., 8350 Broad Street, Suite 2000, Tysons, Virginia 22102, Attn: Secretary. Any additions or amendments to the Ethics Policy, and any waivers of the Ethics Policy for executive officers or directors, will be posted on the Corporate Governance page under the

“Investors” menu of the Company’s website and similarly provided to you without charge upon written request to this address.

The Company has a telephone hotline staffed by an independent third party for employees and others to submit their concerns regarding violations or suspected violations of the Company’s Ethics Policy or violations of law and for reporting any concerns regarding accounting or auditing matters on a confidential anonymous basis. Employees and others can report concerns by calling 1-800-695-1704 or by emailing or writing to the addresses provided in the Company’s Whistleblower Protection & Ethics Violations Reporting Policy found on the Corporate Governance page of the Company’s website at www.tegna.com under the “Investors” menu. Any concerns regarding accounting or auditing matters so reported will be communicated to the Company’s Audit Committee.

Corporate Governance

The Board and the Company have instituted strong corporate governance practices to ensure that the Company operates in ways that support the long-term interests of our shareholders. Important corporate governance practices of the Company include the following:

- ü All of our directors are elected annually.
- ü Our directors and senior executives are subject to stock ownership guidelines.
- ü Ten of the eleven TEGNA directors are independent.
- ü We do not have a shareholder rights plan (poison pill) in place.
- ü We have a robust shareholder engagement program pursuant to which our independent directors and senior management typically engage with investors.
- ü We have a majority vote standard for uncontested director elections and a director resignation policy.
- ü We have an independent Board chair.
- ü Our Board has adopted a proxy access by-law provision.
- ü We maintain an ongoing board refreshment process, which has resulted in our adding four independent directors since 2017 and the transition of the Board chair role during 2018.
- ü Mergers and other business combinations involving the Company generally may be approved by a simple majority vote.

11. Executive Compensation

Compensation Discussion and Analysis

The Leadership Development and Compensation Committee of the Board of Directors (the “Committee”) believes that the 2022 compensation of our Named Executive Officers appropriately reflects and rewards their significant contributions to the Company’s strong performance in a year that included a number of extraordinary events, including the announcement that the Company had entered into a merger agreement with certain affiliates of Standard General L.P. on February 22, 2022 (“Merger Agreement”), and a challenging macroeconomic environment.

The Committee continuously reviews the structure of our executive compensation program and, based on shareholder feedback over recent years, has endeavored to further strengthen the link between pay and performance and enhanced our disclosure of executive compensation structure and practices. Our 2022 compensation program also was impacted by compensation-related provisions contained in the Merger Agreement.

This Compensation Discussion and Analysis (CD&A) explains the guiding principles and practices upon which our executive compensation program is based and the 2022 compensation paid to our Named Executive Officers (also referred to as “NEOs”), who for the 2022 fiscal year were:

- **David T. Lougee**, President and Chief Executive Officer,
- **Victoria D. Harker**, Executive Vice President and Chief Financial Officer,
- **Lynn Beall** (Trelstad)*, Executive Vice President and Chief Operating Officer—Media Operations, and
- **Akin S. Harrison**, Senior Vice President and General Counsel.

* “Beall” is Ms. Trelstad’s maiden name and the name she uses for business purposes. “Trelstad” is her married and legal name.

Executive Summary

PERFORMANCE HIGHLIGHTS

Highlights of the Company’s 2022 performance included:

Record total revenues. Total company revenue was a record \$3.3 billion, up ten percent year-over-year and up 12% on a two-year basis.

Record subscription revenue. The company achieved record subscription revenue of \$1.5 billion, which was up four percent year-over-year.

Political revenue. The company generated \$341 million in political revenue, a record for a non-presidential election year.

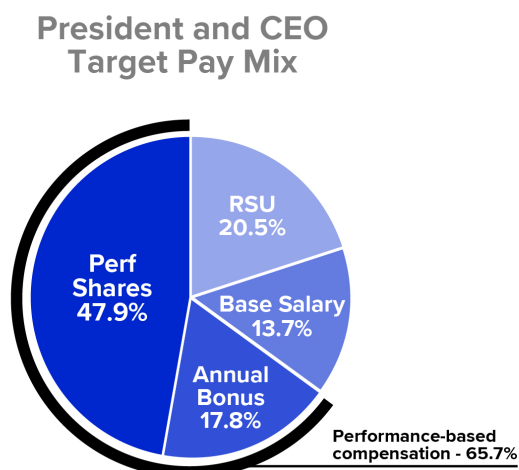

GAAP net income. The company’s GAAP net income was a record \$631 million.

Record Adjusted EBITDA. Company Adjusted EBITDA was a record \$1.1 billion (representing net income attributable to TEGNA before net income attributable to redeemable noncontrolling interest, income taxes, interest expense, equity (loss), other non-operating items, special items, depreciation and amortization), which was an increase of 19% compared to 2021 and was driven by high-margin political and subscription revenues, as well as ongoing cost management to ensure efficient operations. This result was also up 11% on a two-year basis.

PAY FOR PERFORMANCE

The Committee supports compensation policies that place a heavy emphasis on pay for performance. Our NEOs receive a majority of their long-term equity awards as performance shares that may be earned, if at all, based on the Company’s achievement of performance goals established by the Committee, which we believe strengthens the pay for performance aspect of the Company’s long-term incentive program, and the compensation program overall. The percentage of NEO annual equity awards granted on February 28, 2022 (based on grant date value) that were performance-based were 70% for our CEO (with the remaining 30% being time-based restricted stock units (RSUs)) and 55% for each of the other NEOs (with the remaining 45% being time-based RSUs).

A MAJORITY OF OUR CEO'S 2022 TARGET PAY WAS PERFORMANCE-BASED

LEADERSHIP DEVELOPMENT AND COMPENSATION COMMITTEE RESPONSIBILITIES

The Committee oversees the Company's executive compensation program and is responsible for:

- Evaluating and approving the Company's executive compensation plans, principles and programs, as well as overseeing the compensation program for non-employee directors;
- Administering the Company's equity incentive plans and granting bonuses and equity awards to our senior executives;
- Reviewing and approving on an annual basis corporate goals and objectives relevant to the compensation of the Company's President and CEO and its other senior executives; and
- Reviewing risks relating to the Company's executive compensation plans, principles and programs.

The Committee also regularly reviews other components of executive compensation, including benefits, perquisites and post-termination pay. The Board has historically delegated to the Company's President and CEO the authority for approving equity grants to employees other than our senior executives within the parameters of a pool of shares approved by the Board.

GUIDING PRINCIPLES

In making its NEO compensation decisions, the Committee is guided by the following principles:

- **Pay for performance**—Compensation should place a heavy emphasis on pay for performance and substantial portions of total compensation should be "at risk."
- **Attract, retain and motivate**—Compensation should help us attract and retain superior executive talent and motivate key employees to ensure our overall success and long-term strength.
- **Fairness and Shareholder Alignment**—Compensation should be fair to both executives and shareholders and should align the interests of our executives with those of our shareholders.
- **Pay competitively**—Compensation opportunities generally should be in line with those afforded to executives holding similar positions at comparable companies, although we expect variability based on role and incumbent-specific circumstances.
- **Promote stock ownership**—Compensation in the form of equity grants should allow our executives to acquire and maintain a meaningful level of investment in Company common stock consistent with our stock ownership guidelines. This helps to align the economic interests of our executives with those of our shareholders. The Committee regularly reviews the levels of senior executive stock ownership.

The following table reflects the minimum stock ownership guideline for each NEO. As of the date of this report, all of the NEOs significantly exceed their minimum ownership guideline.

NAME	MINIMUM GUIDELINE MULTIPLE OF BASE SALARY
Mr. Lougee	5X
Ms. Harker	3X
Ms. Beall	2X
Mr. Harrison	1X

The Company's stock ownership guidelines require that executives hold all after-tax shares they receive from the Company as compensation until they have met the stock ownership guidelines detailed above.

COMPENSATION-RELATED GOVERNANCE PRACTICES

The Board's commitment to strong corporate governance practices extends to the compensation plans, principles, programs and policies established by the Committee. The Company's compensation-related governance practices and policies of note include the following:

- ü **Performance-based pay.** We provide compensation to our NEOs that is majority performance-based.
- ü **Outcome alignment.** Each year we review the Company's compensation and financial performance against internal budgets, financial results from prior years and Comparative Market Data to make sure that executive compensation outcomes are aligned with the absolute and relative performance of the Company.
- ü **Cap on incentive payouts.** We cap the maximum payout under the annual bonus plan and performance share awards at 200% of target.
- ü **Double-trigger equity vesting upon a change in control.** We accelerate the vesting of equity awards in connection with a change in control only upon a double trigger (i.e., upon an executive's qualifying termination of employment within two years following the date of the change in control) unless the awards are not continued or assumed, in which case the awards immediately vest.
- ü **Clawback.** We have a recoupment policy that provides:
 - That fraud or intentional misconduct by any employee that results in an accounting restatement due to material non-compliance with the securities laws would trigger a recoupment of certain incentive compensation from the responsible employee, as determined by the Committee; and
 - That the Committee may recoup up to three years of an employee's incentive compensation if that employee's gross negligence or intentional misconduct caused the Company material harm (financial, competitive, reputational or otherwise).
- ü **No unearned dividends.** We do not pay dividends or dividend equivalents on unearned performance shares or unpaid restricted stock unit awards granted to employees.
- ü **All new change-in-control arrangements are double trigger without excise tax gross-ups.** Severance for executives who became eligible to participate in a change in control severance plan after April 15, 2010 is double trigger and those executives are not eligible for an excise tax gross-up.
- ü **Risk evaluation.** We regularly evaluate the risks associated with the Company's compensation plans and programs and consider the potential relationship between compensation and risk taking.
- ü **Anti-hedging.** We maintain a policy that prohibits the Company's employees and directors from hedging or short-selling the Company's shares.
- ü **Anti-pledging.** We prohibit the Company's executive officers and directors from pledging the Company's shares.
- ü **Multi-dimensional performance assessment.** Under both the Company's annual bonus plan and the performance share component of annual equity grants, we assess NEO performance against a number of metrics covering the income and cash-flow statements and quantitative and qualitative KPIs tailored for each executive.
- ü **No excessive perquisites.** We do not provide significant perquisites to our named executive officers.

SAY ON PAY

The Committee reviews and thoughtfully considers the results of Say on Pay votes when evaluating our executive compensation program. Ninety six and one half percent (96.5%) of our shareholders supported our executive compensation program at the Company's 2022 annual meeting of shareholders, which reflected an overwhelmingly positive level of support for our executive compensation. As a result, we did not make any specific changes to our executive compensation programs as a result of this vote. Additionally, it is typically our practice to actively engage our shareholders throughout the year to garner feedback, including with respect to our executive compensation programs and policies, but in 2022 our engagement with shareholders was limited due to the pendency of the transactions contemplated by the Merger Agreement.

Overview of Executive Compensation Program

Key Components of Annual Compensation Decisions

The table below describes key components of the Company's 2022 executive compensation program, which generally remained unchanged from 2021.

	Component	Description	Performance Considerations	Pay Objective
	BASE SALARY	Pay for service in executive role.	Based on the nature and responsibility of the position, achievement of key performance indicators, internal pay equity among positions and competitive market data.	Attraction and retention. Base salary adjustments also allow the Committee to reflect an individual's performance, scope of the position, and/or changed responsibilities.
Short Term Cash Compensation	ANNUAL BONUS	Short-term program providing NEOs with an annual cash bonus payment.	Based on the Committee's assessment of each NEO's achievement of annual key performance indicators and contributions to Company-wide performance, as well as, for 2022, treatment contemplated by the Merger Agreement.	Reward performance in attaining Company and individual performance goals based on the Company's financial and strategic goals on an annual basis.
	PERFORMANCE SHARES	Long-term equity grants that vest based on the Company's Adjusted EBITDA and Free Cash Flow as a Percentage of Revenue performance over a two-year period compared to preset targets set by the Committee.	Based on the measurement of the Company's performance against two important financial metrics on which the Company focuses from a strategic growth perspective. The value of awards is also tied to the Company's share price performance during the three-year vesting period.	Reward longer-term performance in attaining Company performance goals, which in turn drives shareholder value creation; align the interests of executives with those of shareholders; and promote retention and foster stock ownership.
Long-Term Equity Incentives	RESTRICTED STOCK UNITS (RSUs)	Long-term equity grants that generally vest over four years on a pro-rata basis.	Alignment with shareholders through Company share price performance and the creation of shareholder value.	Align the interests of executives with those of shareholders, promote retention and foster stock ownership.

How the Committee Determines NEO Compensation

The Committee determines NEO compensation in its sole discretion based on its business judgment, informed by the experience of the Committee members, input from Meridian (the Committee's independent compensation consultant),

market data, the Committee's and the CEO's assessment of each NEO, achievement of key performance indicators, the Company's performance and progress towards achievement of its strategic plan and the challenges confronting our business. No NEO participates in the determination of his or her own compensation.

The Committee does not focus on any one particular objective, formula or financial metric, but rather on performance relative to what it considers to be value-added quantitative and qualitative goals in furtherance of our compensation guiding principles described in the Executive Summary of this Compensation Discussion and Analysis.

Key Performance Indicators

The Committee assesses the degree and extent of achievement of key performance indicators (KPIs) as a principal tool for making NEO compensation decisions. KPIs, set annually for each of our executive officers, consist of individually designed qualitative and quantitative goals organized in three areas:

- **Profit and Revenue Goals**, which include, as appropriate, revenue, adjusted EBITDA, operating income, free cash flow, digital revenue and other financial goals for the Company and the respective businesses and/or functions over which each NEO has operational or overall responsibility;
- **Strategic and Business Goals**, which include specific areas in which the NEO is asked to innovate and collaborate to adopt and implement new products and programs in support of the Company's strategic plan; and
- **People Goals**, which include measures of leadership, achievement of diversity initiatives, First Amendment activities, and other significant qualitative objectives such as promoting an ethical Company work environment and diverse workforce and maintaining our reputation as a good corporate citizen of the communities in which we do business.

Each NEO's KPIs include multiple goals in each of the three areas. The KPIs are intended to be challenging but realistic, with a high degree of difficulty in achieving all of the goals set for each NEO. Except for the CEO, whose performance scorecard has been enhanced with specific weightings in response to shareholder feedback, the Committee's assessment of NEO performance versus KPIs is holistic, with no particular weighting ascribed to achievement of any particular item in any area. This allows for the Committee to assess each of our other NEOs' performance against the goals and metrics that are most pertinent to the area of focus for each NEO and most appropriately measure his or her performance, with the ultimate goal of aligning pay and performance for each NEO. While the Committee takes into consideration the degree of achievement of each NEO's KPIs and the Company performance goals and financial measures set forth above in making compensation decisions, the Committee exercises its business judgment, in its sole discretion, to set NEO compensation.

Comparative Market Data

- To assist the Committee in making decisions affecting NEO compensation opportunities, the Committee, with support from Meridian, its independent advisor, reviewed a report from Company management providing, among other things, executive compensation market data. The report included data from the Willis Towers Watson Media Compensation Survey, the Willis Towers Watson General Industry Executive Compensation Survey, the Croner Digital Content and Technology Survey, the Equilar Media & Technology Survey, and the Radford Global Compensation Survey, a source of detailed executive compensation information (collectively, "Comparative Market Data").
- Through use of this data, the Committee compares NEO salaries, bonus opportunities and equity compensation opportunities to those of companies in the media sector and other companies with comparable revenues to confirm that the elements of our compensation program and the compensation opportunities we afford our executives are appropriately competitive. The Committee does not, however, target elements of compensation nor total compensation to a certain range, percentage or percentile within the Comparative Market Data.

BASE SALARY

We pay our NEOs base salaries to compensate them for service in their executive role. Salaries for NEOs take into account:

- the nature and responsibility of the position;
- the achievement of KPIs, both historically and in the immediately prior year;
- internal pay equity among positions; and
- Comparative Market Data, as described above.

The table below shows the 2022 NEO base salaries set by the Committee based on the foregoing factors:

EXECUTIVE	2022 BASE SALARY
Mr. Lougee	\$ 975,000
Ms. Harker	\$ 730,000
Ms. Beall	\$ 650,000
Mr. Harrison	\$ 500,000

ANNUAL BONUSES

ANNUAL BONUS OPPORTUNITY

Our NEOs participate in an annual bonus program designed to reward each NEO's contribution to overall Company results and attainment of strategic business objectives during the year. Annual bonuses therefore can vary in amount from year to year.

Beginning in late 2021 and continuing into early 2022, the Committee, in consultation with Meridian, its independent compensation consultant, determined the target bonus opportunities for each NEO. The Committee established these amounts, which are based on a target percentage of each NEO's base salary, after thorough consideration of:

- the nature and responsibility of the position;
- internal pay equity among positions; and
- Comparative Market Data.

Based on these factors, the Committee approved the following 2022 target bonus opportunities for our NEOs. Only Mr. Lougee's and Mr. Harrison's bonus targets were increased from 2021, based on corresponding changes to the target percentage of their respective base salaries:

EXECUTIVE	BASE SALARY	TARGET PERCENTAGE OF BASE SALARY	BONUS GUIDELINE AMOUNT
Mr. Lougee	\$ 975,000	130 %	\$ 1,267,500
Ms. Harker	\$ 730,000	100 %	\$ 730,000
Ms. Beall	\$ 650,000	100 %	\$ 650,000
Mr. Harrison	\$ 500,000	85 %	\$ 425,000

ANNUAL BONUS PERFORMANCE MEASURES FOR 2022

The Committee determined the extent to which each NEO earned his or her respective 2022 bonus, informed by attainment of the Company's annual financial and qualitative performance goals, individual contributions made by the NEO during the year and each NEO's performance against his or her KPIs.

In addition, the Committee considered the performance of the Company across a broad spectrum of financial measures, including total revenues, operating income, net income, earnings per share, Adjusted EBITDA, EBITDA margins, subscription revenue and free cash flow as a percentage of revenue. The Committee selected these financial measures because, individually and collectively, they represent the most significant financial aspects of our Company that we believe drive our financial success as a pure-play media company and enhance shareholder value.

For 2022, the Committee compared the Company's reported performance with respect to each of these financial performance measures against goals approved by the Board at the beginning of the year, financial results from prior years, and financial performance of peer companies and the industry, and considered the Company's achievements of budgeted amounts in light of the bonus treatment contemplated by the terms of the Merger Agreement, which provides that employee bonuses for 2022 would be paid at the greater of (i) the employee's bonus entitlement based on the actual level of

achievement of the applicable performance goals for 2022 and (ii) the employee's bonus entitlement assuming achievement of target level performance.

In addition, the Committee evaluated the performance of our executives, the roles played by each of them in contributing to the Company's progress in creating shareholder value, achieving critically important strategic transactions and the performance highlights described in the "Executive Summary" above. Other factors considered by the Committee for the 2022 bonus awarded to each NEO are described below.

David T. Lougee, President and Chief Executive Officer

2022 Goals:

The Committee evaluated Mr. Lougee's 2022 performance using a scorecard that measures Mr. Lougee's results against financial and non-financial KPIs, with the financial and non-financial KPIs each assigned an overall 50% weighting by the Committee. Mr. Lougee's financial KPIs included EBITDA and revenue targets, with the EBITDA target weighted at 35% and the revenue target weighted at 15%.

Mr. Lougee's non-financial goals included strategic goals relating to driving long-term growth for the Company (taking into account anticipated market forces and dynamics), the Company's 2022 business priorities (key business initiatives critical to the Company during 2022), and the Company's 2022 people goals (building the organization with capabilities and a culture for the future, including diversity and inclusion goals). These non-financial goals were weighted as follows: strategic (25%), business priorities (15%) and people (10%). The Committee also assessed Mr. Lougee's performance in the context of the core CEO responsibility to serve as the Company's chief spokesperson and effectively communicate with all of the Company's stakeholders, including its shareholders, employees, customers, Board of Directors and community and industry groups.

2022 Performance Highlights and Accomplishment of 2022 Goals:

During 2022, Mr. Lougee led the Company to record full-year revenue and EBITDA, drove the successful negotiation of the Merger Agreement, successfully negotiated retransmission agreements with certain of the Company's largest distributors, oversaw record revenue for Premion, and continued to strengthen the Company's commitment to diversity, equity and inclusion. Mr. Lougee's annual bonus for 2022 reflected these accomplishments as well as the Committee's assessment of the performance of his duties and his achievement of the following KPIs:

- Financial KPIs*
- Achieved full year Company Adjusted EBITDA of \$1.1 billion,* which was below his EBITDA KPI, partially driven by weaker political and macroeconomic forces impacting subscribers and advertising revenue.
 - Achieved record full-year revenue of \$3.3 billion, up ten percent year-over-year but short of his revenue KPI due in part to AMS revenue declines as a result of political displacement and macroeconomic headwinds.
- Non-financial KPIs: Strategic and Business*
- Successfully led negotiations that culminated in entering into the Merger Agreement, pursuant to which the Company will be acquired by an affiliate of Standard General for \$24.00 per share in cash, subject to stockholder and regulatory approvals, and other customary closing conditions.
 - Successfully led the Company's negotiations of comprehensive retransmission consent agreements representing approximately 38% of the Company's subscribers.
 - Oversaw record revenue for Premion despite macroeconomic challenges.
 - Continued to execute on the Company's expense savings plan.
- Non-financial KPIs: People*
- Oversaw the Company's progress on its 2025 diversity, equity and inclusion goals, for which the Company remains on track to achieve on schedule, including increasing the ethnic and gender diversity of the Company's station general managers.
 - Enhanced support of Company leaders in the selection of diverse talent and the navigation of complex employee matters regarding race and inclusion.
 - Expanded the Company's initiatives to identify and develop its internal talent, including expanding the Producer-in-Residence program and implementing a new Sales-in-Residence program.

* Reconciliation of the following non-GAAP financial measure to the Company's results as reported under accounting principles generally accepted in the United States may be found in the Company's Form 10-K, filed: adjusted EBITDA – page 32.

Victoria D. Harker, Executive Vice President and Chief Financial Officer

2022 Goals:

The Committee evaluated Ms. Harker's 2022 performance using financial and non-financial KPIs it developed in consultation with Mr. Lougee. Ms. Harker's financial KPIs included, among other things, Adjusted EBITDA and revenue targets, and expense management.

Ms. Harker's non-financial goals included, without limitation, acquisition support/transition planning and capital allocation, and people goals relating to hiring and promotion, racial and gender diversity and succession planning.

2022 Performance Highlights and Key Accomplishments:

Ms. Harker delivered a strong performance in 2022 during which she and her finance team supported achievement of the Company's strong financial performance, provided critical support to prepare for the anticipated closing of the transactions contemplated by the Merger Agreement, continued to actively manage and implement expense reductions, supported the successful negotiation of retransmission agreements and network affiliation agreements, managed the Company's short term cash investments and provided ongoing oversight over the Company's 401K and pension plans. Her annual bonus for

2022 reflected the Committee's assessment of her and the Company's performance, including her achievement of the following KPIs:

- | | |
|---|---|
| <i>Financial KPIs</i> | <ul style="list-style-type: none">• Achieved the Company's full year record Adjusted EBITDA of \$1.1 billion,* which fell short of her EBITDA KPI, partially driven by weaker political and macroeconomic forces impacting subscribers and advertising revenue.• Supported achievement of record Company revenue of \$3.3 billion, which was below budget, due in part to AMS revenue declines as a result of political displacement and macroeconomic headwinds. |

Lynn Beall, Executive Vice President and Chief Operating Officer – Media Operations

2022 Goals:

The Committee evaluated Ms. Beall's 2022 performance using financial and non-financial KPIs it developed in consultation with Mr. Lougee. Ms. Beall's financial KPIs included, among other things, goals relating to subscription and advertising and marketing services revenue.

Ms. Beall's non-financial goals included, without limitation, audience growth, content transformation, content leadership development, and retransmission and network affiliation agreement negotiations and people goals relating to talent and culture, racial and gender diversity and succession planning.

2022 Performance Highlights and Key Accomplishments:

In 2022, while overseeing one of the most geographically diverse broadcast groups in the United States, Ms. Beall led the Company's media operations through another historic news cycle that included unprecedented news events, extreme weather and political activity. Despite these and other challenges, the Company's media operation realized strong results across the board under her leadership, driven by a strategic plan that focused on people, content and sales. Ms. Beall's annual bonus for 2022 reflected the Committee's assessment of her and the Company's performance, including her achievement of the following KPIs:

Financial KPIs

- Drove the Company's record Media Operations revenue, subscription revenue, net income and EBITDA, but fell below expectations and internal budget mostly due to economic headwinds beginning in the second quarter of 2022 and continuing through the end of the year.

Non-financial KPIs: Strategic and Business Goals

- Successfully led the Company's negotiations of comprehensive retransmission consent agreements representing approximately 38% of the Company's subscribers.
- Led successful renegotiation of a multi-year CBS affiliation agreement.
- Oversaw growth of the Company's original programming and multicast businesses, including signing several foundational distribution deals for the Company's multicast programming networks and improving the year-over-year performance of the Company's *Daily Blast Live* program.
- Achieved strong audience gains for the Company's VERIFY brand, and launched new digital streaming applications for the Company's stations on the Roku and Fire TV platforms.
- Oversaw the Company's news operations which continued to be awarded and celebrated for quality journalism, receiving six national Edward R. Murrow awards, two Dupont awards, and a prestigious local news Peabody award.

Non-financial KPIs: People Goals

- Launched the Company's manager training program, providing leadership training to almost 100 of the Company's managers in 2022.
- Through her succession planning and development efforts, oversaw the hiring of four new station general managers, three of whom were diverse.
- Supported newsroom diversity initiatives through continued investment in the Company's inclusive journalism program for all new journalists, and the selection of 25 high-performing managers for participation in a Poynter Institute's leadership program focused on DE&I.
- Remained on track to achieve the 2025 diversity, equity and inclusion goals relating to the Company's content leadership and content teams, including hiring three diverse station general managers.

Akin S. Harrison, Senior Vice President and General Counsel

2022 Goals:

The Committee evaluated Mr. Harrison's 2022 performance using financial and non-financial KPIs it developed in consultation with Mr. Lougee. Mr. Harrison's financial KPIs included managing the law department's budget and total Company outside legal fees.

Mr. Harrison's non-financial goals included providing legal counsel and leadership in support of the Company's purpose, strategic transactions, negotiations and compliance efforts, ethics standards and initiatives, and people goals relating to diversity and inclusion and leadership development.

2022 Performance Highlights and Key Accomplishments:

In 2022, Mr. Harrison continued to effectively manage the law department and he and his team successfully managed a wide variety of legal matters for the Company, including matters pertaining to the Merger Agreement, FCC compliance, commercial contracts, litigation, and antitrust and First Amendment matters. Mr. Harrison's annual bonus for 2022

reflected the Committee’s assessment of his and the Company’s performance, including his achievement of the following KPIs:

- Financial KPIs*
 - Continued to successfully manage the legal department’s budget and total Company outside legal fees.
- Non-financial KPIs: Strategic and Business Goals*
 - Provided legal counsel and coordinated with outside counsel and the Company’s advisor team in connection with the Company’s efforts to obtain approval of the Merger Agreement.
 - Supported the Company’s negotiations of comprehensive retransmission consent agreements representing approximately 38% of the Company’s subscribers.
 - Advised on the long-term renewal of the Company’s network affiliation agreements with two of its major network partners.
 - Oversaw the Company’s legal compliance program.
- Non-financial KPIs: People Goals*
 - Continued to take steps to develop the members of the legal department.
 - Continued to support company-wide diversity and inclusion initiatives.

In determining the annual bonus payouts for each NEO, the Committee considered the strong individual and Company performance referenced above. Based on its comprehensive review of these considerations, and consistent with the terms of the Merger Agreement, the Committee determined to pay each NEO’s 2022 annual bonus at target, as follows:

EXECUTIVE	BONUS
Mr. Lougee	\$ 1,267,500
Ms. Harker	\$ 730,000
Ms. Beall	\$ 650,000
Mr. Harrison	\$ 425,000

LONG-TERM INCENTIVES

The Company’s long-term incentive program (the “LTI Program”) consists of awards of Performance Shares and Restricted Stock Units. The Performance Shares are based on the Company’s adjusted EBITDA and Free Cash Flow metrics, which the Committee views as critical to measuring our success in creating value for shareholders.

The Committee uses a two-year performance cycle for the Performance Shares in order to address the significant cyclical revenue increase the Company experiences in even-numbered years due to political spending during mid-term and presidential election years as a result of the Company’s strong political footprint.

Cycle	2020	2021	2022	2023	2024
2020-2021	Political	Off Year	Political		
2021-2022		Off Year	Political	Off Year	
2022-2023			Political	Off Year	Political

Under the Performance Share program, grants are made, and a new two-year performance cycle begins, each year. At the end of each two-year performance cycle, the number of shares of Company common stock earned will be determined based upon the Company’s level of achievement versus the aggregate financial performance target or targets set by the Committee for that cycle. Any earned shares of Company common stock will not be distributed to executives until after the completion of the three-year service period. If the Company fails to meet threshold performance against a financial performance metric at the end of any performance cycle, no Performance Shares will be earned and no payout of shares of Company common stock will be made with respect to that financial performance metric.

Determination of Long-term Equity Award Target Value

For the March 1, 2022 grants, the Committee determined total long-term equity award target values for each NEO taking into account the following factors:

- market data;
- recommendation of Mr. Lougee and the Senior Vice President and Chief Human Resources Officer (other than for Mr. Lougee);
- the nature and responsibility of the NEO's position;
- internal pay equity among positions;
- Comparative Market Data;
- individual performance against KPIs;
- the financial performance of the Company and the operations for which the NEO is responsible; and
- the Company's progress towards the goals of its strategic plan.

Based on the foregoing factors, the Committee approved 2022 total long-term equity award target values for each of our NEOs, which are shown in the table below.

EXECUTIVE	2022 BASE SALARY	LONG TERM- AWARD TARGET PERCENTAGE	TOTAL LONG- TERM AWARD TARGET VALUE
Mr. Lougee	\$ 975,000	500 %	\$ 4,875,000
Ms. Harker	\$ 730,000	250 %	\$ 1,825,000
Ms. Beall	\$ 650,000	200 %	\$ 1,300,000
Mr. Harrison	\$ 500,000	200 %	\$ 1,000,000

On March 1, 2022, the long-term equity award target value for each NEO was translated into a target award of Performance Shares and an award of RSUs based upon the Company's closing stock price on February 28, 2022 (taking into account that dividends would not be paid on the Performance Shares or RSUs during the respective vesting periods), as follows:

EXECUTIVE	PERFORMANCE SHARES (TARGET #)	RSUs
Mr. Lougee	156,465	66,508
Ms. Harker	46,022	37,347
Ms. Beall	32,783	26,603
Mr. Harrison	25,218	20,464

2022 Performance Share Awards

The 2022 Performance Share grants are subject to achievement against the following Committee-approved performance metrics measured over the applicable performance cycle:

Performance Metric	Weighting(1)	Description
Adjusted EBITDA	2/3	Compares, in percentage form, (1) the sum of the actual Adjusted EBITDA generated by the Company in each of the two applicable fiscal years, to (2) the sum of the target budgeted amounts of Adjusted EBITDA set by the Committee in connection with its annual budget review process for such fiscal years.
Free Cash Flow as a Percentage of Revenue	1/3	Compares, in percentage form, (1) the aggregate amount of Free Cash Flow generated by the Company in the two applicable fiscal years measured as a percentage of the aggregate total Company revenues generated by the Company in such fiscal years, to (2) the weighted average of the targeted level of Free Cash Flow as a percentage of total Company revenues set by the Committee in connection with its annual budget review process for such fiscal years.

(1) The Performance Shares place a higher weighting on Adjusted EBITDA given the importance of meeting our profitability expectations.

For purposes of the 2022 Performance Share grants:

- “Adjusted EBITDA” means net income from continuing operations before (1) interest expense, (2) income taxes, (3) equity income (losses) in unconsolidated investments, net, (4) other non-operating items, (5) severance expense, (6) facility consolidation charges, (7) impairment charges, (8) depreciation, (9) amortization, and (10) expense related to performance share long-term incentive awards. Net income from continuing operations may be further adjusted to exclude unusual or non-recurring charges or credits to the extent and in the amount such items are separately reported or discussed in the financial statements and notes thereto or in management’s discussion and analysis of the financial statements in a periodic report filed by the Company under the Securities Exchange Act of 1934, as amended.
- “Free Cash Flow” means “net cash flow from operating activities” less “purchase of property and equipment,” each as reported in the Company’s consolidated statements of cash flows, and adjusted to exclude (1) voluntary pension contributions, (2) capital expenditures required either by government regulators or due to natural disasters offset by any reimbursements of such expenditures (e.g., from the U.S. government or an insurance company), and (3) the same adjustments made to Adjusted EBITDA, other than income taxes and interest to the extent of their impact on Free Cash Flow. When calculating Free Cash Flow in respect of the 2022 Performance Shares, actual changes in working capital for the year will be disregarded to the extent they are greater than or less than the \$20 million collar specified by the Committee from the target change in working capital. The “collar” limits the effect of volatility in working capital that can impact the Company’s Free Cash Flow.

The Committee reserves the right to modify the calculations to adjust for impacts it deems appropriate.

The following table illustrates the ranges of potential payouts based on threshold, target and maximum performance levels for each financial performance metric adopted by the Committee for the applicable performance cycle:

	Actual versus Target	Applicable Payout Percentage*
Below Threshold (80%)	<80%	0%
Threshold	80%	65%
Target	100%	100%
Maximum	110%	200%
Above Maximum	>110%	200%

* The Applicable Payout Percentage is calculated using straight line interpolation for points between Threshold and Target and for points between Target and Maximum.

The Company does not publicly disclose its expectations of how it will perform on a prospective basis in future periods or specific long-term incentive plan targets applicable under its compensation programs due to potential competitive harm. The target performance goals for Adjusted EBITDA and Free Cash Flow for each two-year performance cycle are designed to be appropriately challenging based on internal forecasts and the Company's historical results, and there is a risk that payments will not be made at all or will be made at less than 100% of the target amount.

With certain exceptions for terminations due to death, disability, retirement (defined as 65 years of age or at least 55 years of age with at least five years of service) or a change in control of the Company, "earned" Performance Shares generally vest on the expiration of the three-year vesting service period (the Incentive Period) only if the executive continues to be employed by the Company through the last day of the vesting service period.

Following the end of the vesting service period, each executive who has earned Performance Shares will receive the number of shares of Company common stock earned for the performance cycle, less withholding taxes. Dividends are not paid or accrued on Performance Shares.

The vesting of the Performance Share grants will not accelerate in connection with a change in control unless the executive has a qualifying termination of employment within two years following the date of the change in control or the grants are not continued or assumed (e.g., the grants are not equitably converted or substituted for awards of the successor company) following the change in control. In the event a change in control occurs prior to the expiration of the applicable performance period, the executive will receive (if the vesting requirements are satisfied) the target number of Performance Shares set forth in the executive award agreement for that Performance Share grant. In the event a change in control occurs after the expiration of the applicable performance period but prior to the expiration of the applicable vesting service period, the executive will receive (if the vesting requirements are satisfied) the number of Performance Shares earned during the applicable performance cycle.

Treatment of Performance Share Awards under the Merger Agreement

Upon the closing of the transactions contemplated by the Merger Agreement, all outstanding Performance Share awards will become fully vested and converted into the right to receive a cash amount equal to the product of (a) the number of shares of the Company's common stock subject to the award multiplied by (b) the per share merger consideration under the Merger Agreement. The Merger Agreement provides that the number of shares of the Company's common stock subject to Performance Share Awards granted in 2021 will equal the greater of (x) such number as determined in accordance with the provisions of the applicable award agreement (which generally provide that the number of shares will be determined based on the Company's achievement of target performance levels unless the two-year performance period is complete as of the change in control, in which case the number of shares will be determined based on the Company's actual performance), and (y) the number of shares that would be paid under such award assuming the Company's actual performance versus target performance for 2021 was also achieved for 2022. With regard to the 2022 Performance Share awards, the Merger Agreement provides that the number of shares to be paid will be determined in accordance with the provisions of the applicable award agreement, as described in the immediately preceding sentence.

2022 RSU Awards

The RSUs granted to our NEOs in 2022 generally vest ratably over four years. At the time of vesting, the NEO will receive the number of shares of Company common stock equal to the number of RSUs that then vested, less withholding taxes. Executives are also entitled to receive a prorated portion of their RSUs upon retirement, disability or death. The vesting of the RSUs will not accelerate in connection with a change-in-control, unless the executive has a qualifying termination of employment within two years following the date of the change-in-control or the grants are not continued or assumed (e.g., the awards are not equitably converted or substituted for awards of the successor company) in connection with the change-in-control.

Treatment of RSU Awards under the Merger Agreement

Upon the closing of the transactions contemplated by the Merger Agreement, each RSU will become fully vested and be converted into the right to receive a cash amount equal to the product of (a) the number of shares of the Company's common stock subject to the RSU Award *multiplied by* (b) the per share merger consideration under the Merger Agreement.

Restrictive Covenants in CEO's 2022 RSU and Performance Share Award Agreements

Mr. Lougee's 2022 RSU and Performance Share award Agreements include certain noncompete and nonsolicitation covenants. With certain exceptions, the noncompete covenant generally prohibits Mr. Lougee from participating in certain competing local broadcast businesses or media organizations that derive at least 75% of their revenues from local broadcasting through the first anniversary date of his termination of employment. With certain exceptions, the nonsolicitation covenant generally prohibits Mr. Lougee from inducing employees to leave the Company or inducing current or prospective customers from ceasing to do business with the Company through the first anniversary date of his termination of employment.

Results for 2021 Performance Share Awards

In 2021, the NEOs received Performance Share awards with a two-year performance cycle of January 1, 2021 through December 31, 2022, contingent on the Company achieving its two-year Adjusted EBITDA and Free Cash Flow as a Percentage of Revenue performance targets. The performance metric targets established by the Committee were designed to be challenging.

Performance Metric Targets for the 2021 Performance Shares

	Adjusted EBITDA	Cash Flow as a Percentage of Revenue
2021-2022 Total:	\$ 2,255,302	19.1% ¹

¹ Based on a Free Cash Flow target of \$1,241,920,000 and a Revenue target of \$6,496,261,000.

In February 2022, the Committee determined that the 2021-2022 Adjusted EBITDA and Cash Flow as a Percentage of Revenue performance metrics were achieved at \$2,113,021,000 and 18.6%, respectively, which resulted in a payout percentage of 91.1% of the target number of 2021 Performance Shares, resulting in each NEO earning the following number of Performance Shares:

EXECUTIVE	2021 Performance Shares
Mr. Lougee	160,892
Ms. Harker	40,337
Ms. Beall	33,048
Mr. Harrison	23,987

The earned 2021 Performance Shares remain subject to service vesting requirements; they generally will be paid out shortly after February 28, 2024 to the extent the executive has satisfied the vesting requirements for such awards as of such date.

Benefits and Perquisites

The Company's NEOs are provided a limited number of personal benefits and perquisites (described in footnote 4 to the Summary Compensation Table). The Committee's objectives in providing these benefits are to provide insurance protection for our NEOs and their families, to enable the Company to attract and retain superior management talent in a competitive marketplace, to complement other compensation components, and to help minimize distractions from our executives' attention to important Company initiatives.

The personal benefits and perquisites the Company provides to our NEOs, including medical, life insurance and disability plans, are generally the same as those offered to other similarly situated senior executives. For additional information about these and other post-employment benefits, see the "Other Potential Post-Employment Payments" section of this report.

TEGNA Retirement Plan (TRP)

Prior to the spin-off of Gannett in June 2015 (the "Gannett Spin-off"), eligible Company employees generally had earned benefits under the Gannett Retirement Plan (GRP). In connection with the Gannett Spin-off, the Company adopted the TEGNA Retirement Plan (TRP), a tax-qualified defined benefit retirement plan which assumed the GRP pension liabilities relating to Company employees. Accordingly, the TRP generally provides retirement income to certain of the Company's U.S.-based employees who were employed before their benefits were frozen on August 1, 2008, at which time participants, including each of the NEOs (other than Ms. Harker, who did not participate in the GRP and does not participate in the TRP), ceased to earn additional benefits for compensation or service earned on or after that date. The TRP provides benefits for employees based upon years of credited service, and the highest consecutive five-year average of an employee's compensation out of the final ten years of credited service, referred to as final average earnings, or FAE. Subject to Internal Revenue Code limits, compensation generally includes a participant's base salary, performance-based bonuses, and pre-tax contributions to the Company's benefit plans other than the TEGNA Deferred Compensation Plan (DCP). Until benefits commence, participants' frozen benefits are periodically adjusted to reflect increases in a specified cost-of-living index (i.e., the consumer price index for all urban consumers published by the U.S. Department of Labor Bureau of Statistics for U.S. all items less food and energy).

Effective January 1, 1998, the Company made a significant change to the GRP for service after that date. Certain employees who were either retirement-eligible or had a significant number of years of service with the Company were "grandfathered" in the plan provisions applicable to them prior to the change (pre-1998 plan provisions). Other employees were transitioned to the post-1997 plan provisions under the GRP.

The pre-1998 plan provisions provide for a benefit that is expressed as a monthly annuity at normal retirement equal to a gross benefit reduced by a portion of the participant's Social Security benefit. Generally, a participant's annual gross benefit is calculated by multiplying the participant's years of credited service by specified percentages (generally 2% for each of a participant's first 25 years of credited service and 0.7% for years of credited service in excess of 25) and multiplying such amount by the participant's FAE. Benefits under the pre-1998 plan provisions are paid in the form of monthly annuity payments for the life of the participant and, if applicable, the participant's designated beneficiary. The pre-1998 plan provisions provide for early retirement subsidies for participants who terminate employment after attaining age 55 and completing five years of service and elect to commence benefits before age 65. Under these provisions, a participant's gross benefit that would otherwise be paid at age 65 is reduced by 4% for each year the participant retires before age 65. If a participant terminates employment after attaining age 60 with 25 years of service, the participant's gross benefit that would otherwise be paid at age 65 is reduced by 2.5% for each year the participant retires before age 65.

The post-1997 plan provisions provide for a benefit under a pension equity formula, which generally expresses a participant's benefit as a current lump sum value based on the sum of annual percentages credited to each participating employee. The percentages increase with years of service, and, in some circumstances, with age. Upon termination or retirement, the total percentages are applied to a participant's FAE resulting in a lump sum benefit value. The pension equity benefit can be paid as either a lifetime annuity or a lump sum.

As noted above, in connection with the Gannett Spin-off, the TRP assumed the GRP pension liabilities of the NEOs who had accrued a benefit under the GRP. The TRP benefit for each of our participating NEOs is calculated under the post-1997

plan provisions. However, as noted below, the SERP benefit for Ms. Beall is calculated under the pre-1998 plan provisions. Each of the NEOs who participates in the TRP is fully vested in his or her TRP benefit.

In connection with its acquisition of Belo Corp. (Belo), the Company assumed the legacy Belo pension plan (the "Belo Plan"), which was merged into the TRP. Since Mr. Lougee earned a pension benefit while employed by Belo, the total TRP benefit for Mr. Lougee is calculated based on his accruals under both the post-1997 TRP plan provisions and the Belo Plan provisions, in which benefits he is also fully vested. Under the Belo Plan, which was frozen to new benefits as of March 31, 2007, Mr. Lougee will be entitled to monthly annuity payments for his life commencing at age 65 calculated by multiplying his Belo credited service (including any additional service credits provided when the plan was frozen) by his monthly FAE, in each case earned at Belo as of March 31, 2007, and further multiplied by specified percentages (generally 1.1% plus 0.35% for average earnings in excess of covered compensation). If Mr. Lougee were to terminate employment and elect to commence receiving benefits prior to age 65, his benefit that would otherwise be paid at age 65 would be reduced as follows: 3.33% per year for each year of such early retirement prior to age 61 and 6.67% per year for each year of such early retirement between ages 61 and 65.

TEGNA Supplemental Retirement Plan (SERP)

The SERP is a nonqualified retirement plan that provides eligible employees with retirement benefits that cannot be provided under the TRP due to the Internal Revenue Code, which limits the compensation that can be recognized under qualified retirement plans and imposes limits on the amount of benefits which can be paid. For some participants, including Ms. Beall, the SERP also provides a benefit equal to the difference between the benefits calculated under the pre-1998 formula, without regard to the IRS-imposed limits on pay and benefits, and the amount they will receive from the TRP under the post-1997 formula. The SERP benefits for Mr. Lougee and Mr. Harrison are calculated under the post-1997 formula without regard to the IRS-imposed limits on pay and benefits. For all SERP participants, the benefit calculated under the applicable SERP formula is reduced by benefits payable from the TRP. Ms. Harker does not participate in the SERP.

In conjunction with the Company's decision to freeze benefits under the GRP, the Company also decided to make changes to benefits under the SERP. Generally, until December 31, 2017, SERP participants whose SERP benefits were calculated under the pre-1998 formula continued to accrue benefits under the SERP. However, their benefits for credited service after August 1, 2008 were calculated at a rate that is one-third less than the pre-August 1, 2008 rate. Ms. Beall is the only NEO who was affected by this change. Ms. Beall is currently eligible for early retirement under the pre-1998 formula that applies to her under the SERP.

Effective December 31, 2017, SERP participants whose SERP benefits were calculated under the pre-1998 formula had their SERP benefits frozen such that they ceased to earn additional benefits for earnings, credited service, cost of living adjustments or any other factor or reason after that date. Ms. Beall is the only NEO who was affected by this change.

Effective August 1, 2008, SERP participants whose SERP benefits were not calculated under the pre-1998 formula had their SERP benefits frozen such that they ceased to earn additional benefits for compensation or service earned on or after that date. Until benefits commence, such participants' frozen benefits are periodically adjusted to reflect increases in a specified cost-of-living index (i.e., the consumer price index for all urban consumers published by the U.S. Department of Labor Bureau of Statistics for U.S. all items less food and energy). Mr. Lougee and Mr. Harrison are the only NEOs who were affected by this change.

SERP benefits generally vest if the participant terminates employment after attaining age 55 and completing at least five years of service with the Company, although benefits become fully vested upon a change in control.

SERP benefits are generally paid in the form of a lump sum amount when a participant separates from service or, if later, the date the participant attains age 55, except that payment is accelerated in the event that the Company undergoes a change in control.

Mr. Lougee and Ms. Beall each are fully vested in his or her SERP benefits. Mr. Harrison is not vested in his SERP benefit but will become vested if he continues employment until age 55.

TEGNA 401(k) Savings Plan (401(k) Plan)

Most of the Company's employees based in the United States are eligible to participate in the TEGNA 401(k) Savings Plan ("401(k) Plan"), which permits eligible participants to make pre-tax contributions and provides for matching and other employer contributions. Since 2018, the matching contribution rate for the 401(k) plan has been 100% of the employee's elective deferrals up to the first 4% of the employee's compensation. For purposes of the 401(k) Plan and subject to Internal Revenue Code limits, compensation generally includes a participant's base salary, performance-based bonuses, and pre-tax contributions to the Company's benefit plans. Company contributions under the 401(k) Plan are immediately vested when they are made; therefore, as of the date of this report, Company contributions are 100% vested for each of the NEOs.

TEGNA Deferred Compensation Plan (DCP)

Each NEO who participates in the DCP, the Company's nonqualified deferred compensation plan, may elect to defer all or a portion of his or her compensation under the DCP, provided that the minimum deferral must be \$5,000 for each form of compensation (base salary and bonus) for the year of deferral. The amounts deferred by each NEO are vested and will be deemed invested in the fund or funds designated by such NEO from among a number of funds offered under the DCP.

The DCP provides for Company contributions on behalf of certain employees whose benefits under the 401(k) Plan are capped by Internal Revenue Code rules that limit the amount of compensation that can be taken into account when calculating benefits under a qualified plan. Generally, Company contributions to the DCP are calculated by applying the same formula that applies to an employee's matching contributions under the 401(k) Plan to the employee's compensation in excess of the Internal Revenue Code compensation limit. Participants are not required to make elective contributions to the DCP to receive an employer contribution under the DCP. The same vesting rules that apply under the 401(k) Plan apply to contributions under the DCP, except that amounts under the DCP become vested upon a change in control. Each NEO has been credited with Company contributions to the DCP and was immediately vested in his or her Company contribution when it was made.

Amounts that a participant elects to defer into the DCP are generally paid at the time and in the form elected by the participant, provided that if the participant terminates employment before attaining age 55 and completing five years of service, benefits are paid in a lump sum amount upon such termination (although for pre-2005 deferrals the Committee may pay such deferrals in five annual installments). The DCP permits participants to receive in-service withdrawals of participant contributions for unforeseeable emergencies and certain other circumstances. Prior to when the deferrals are made, a participant may make a special election as to the time and form of payment for benefits that become payable due to the participant's death or disability if payments have not already commenced, and deferrals will be paid in accordance with such elections under those circumstances. Company contributions to the DCP are generally paid in the form of a lump sum amount when a participant separates from service. The payment of post-2004 Company and participant DCP contributions is accelerated in the event that the Company undergoes a change in control.

TEGNA 2015 Change in Control Severance Plan (CIC Severance Plan)

The CIC Severance Plan provides severance pay for certain key executives upon a change in control of the Company in order to assure the Company that it will have the continued dedication of, and the availability of objective advice and counsel from, key executives notwithstanding the possibility, threat or occurrence of a change in control. Mr. Lougee is the only NEO eligible to participate in the CIC Severance Plan. Ms. Harker, Ms. Beall and Mr. Harrison participate in the TEGNA Transitional Compensation Plan (TCP) rather than the CIC Severance Plan. The Board believes it is imperative that the Company and the Board be able to rely upon key executives to continue in their positions and be available for advice, if requested, in connection with any proposal relating to a change in control without concern that those individuals might be distracted by the personal uncertainties and risks created by such a proposal. Change in control arrangements also facilitate the Company's ability to attract and retain management as the Company competes for talented employees in a marketplace where such protections are common.

With those goals in mind, the CIC Severance Plan provides that a participant would be entitled to compensation if the participant is terminated prior to and in connection with a change in control or, if within two years from the date of the change in control, the participant's employment is terminated by the Company other than for "cause," or by the participant for "good reason".

Following is a summary of several key terms of the CIC Severance Plan:

- “change in control” means the first to occur of: (1) the acquisition of 20% or more of the Company’s outstanding shares of common stock or the combined voting power of the Company’s outstanding voting securities; (2) the Company’s incumbent directors ceasing to constitute at least a majority of the Board, except in connection with the election of directors approved by a vote of at least a majority of the directors then comprising the incumbent Board; (3) consummation of a sale of the Company in a merger or similar transaction, or a sale or other disposition of all or substantially all of the Company’s assets; or (4) approval by the Company’s shareholders of the Company’s complete liquidation or dissolution.
- “cause” means (1) the participant’s material misappropriation of Company funds or property; (2) the participant’s unreasonable and persistent neglect or refusal to perform his or her duties which is not remedied within 30 days following notice from the Company; or (3) the participant’s conviction, including a plea of guilty or of nolo contendere, of a securities law violation or a felony.
- “good reason” means the occurrence after a change in control of any of the following without the participant’s express written consent, unless fully corrected prior to the date of termination: (1) a material diminution of the participant’s duties, authorities or responsibilities; (2) a reduction in the participant’s base salary or target bonus opportunity; (3) a failure to provide the participant with an annual long-term incentive opportunity whose grant date value is equivalent to or greater in value than participant’s regular annual long-term incentive opportunity in effect on the date of the change in control; (4) the relocation of the participant’s office from the location at which the participant is principally employed immediately prior to the date of the change in control to a location 35 or more miles farther from the participant’s residence immediately prior to the change in control, or the Company’s requiring the participant to be based anywhere other than the Company’s offices, except for required travel on the Company’s business to an extent substantially consistent with the participant’s business travel obligations prior to the change in control; (5) the failure by the Company to pay any compensation or benefits due to the participant; (6) the failure of the Company to obtain a satisfactory agreement from any successor to assume and agree to perform the CIC Severance Plan; or (7) any purported termination of the participant’s employment that is not effected pursuant to the CIC Severance Plan.
- “multiplier” means 3.0 for the Company’s CEO as of the date of the change in control; 2.0 for a participant who on the date of the change in control is a member of the Company’s executive leadership team and reports directly to the Company’s CEO; and 1.0 for other participants. Mr. Lougee’s multiplier is 3.0.

A NEO entitled to compensation under the CIC Severance Plan would receive:

- *Payments.* Upon a participant’s qualifying termination of employment, the participant is entitled to receive a lump sum amount equal to the sum of (1) any unpaid base salary or bonus through the date of termination; and (2) a prorated annual bonus for the portion of the fiscal year elapsed prior to the termination date in an amount equal to the average annual bonus the participant earned with respect to three fiscal years immediately prior to the fiscal year in which the termination date occurs prorated for the portion of the fiscal year elapsed prior to the termination date. Additionally, participants are paid a lump sum cash severance payment equal to a “multiplier” that is designated for the participant times the sum of (1) the participant’s annual base salary at the highest rate of salary during the 12-month period immediately prior to the termination date or, if higher, during the 12-month period immediately prior to the change in control (in each case, as determined without regard for any reduction for deferred compensation, 401(k) plan contributions and similar items), and (2) the greater of (A) the average annual bonus the participant earned with respect to the three fiscal years immediately prior to the fiscal year in which the change in control occurs; and (B) the average annual bonus the participant earned with respect to the three fiscal years immediately prior to the fiscal year in which the termination occurs.
- *COBRA Benefit.* A participant will receive an amount equal to the monthly COBRA cost of the participant’s medical and dental coverage in effect as of the date of termination multiplied by the lesser of (1) 18; or (2) 24 minus the number of full months between the date of the change in control and the date of termination.
- *Excise Taxes.* In the event benefits otherwise would be subject to Section 4999 of the Code, they will be reduced to \$1 less than the amount that would trigger such taxes if such a reduction would put the applicable participant in a better after-tax position.

Benefits are subject to the participant executing a release and agreeing to certain restrictive covenants.

TEGNA Transitional Compensation Plan (TCP)

The TCP is a legacy plan that provides severance pay for some of our NEOs and other key executives upon a change in control of the Company. Ms. Harker, Ms. Beall and Mr. Harrison participate in the TCP. Ms. Harker first participated in the TCP after April 15, 2010. Mr. Lougee participates in the CIC Severance Plan rather than the TCP.

On December 8, 2015, the Company, consistent with its practice of updating its plans and programs from time to time in light of evolving market trends, froze participation in the TCP and, effective December 15, 2016, additional service credit accruals for existing participants.

The TCP assures the Company that it will have the continued dedication of, and the availability of objective advice and counsel from, key executives notwithstanding the possibility, threat or occurrence of a change in control. As a result, we believe the TCP helps promote the retention and continuity of certain key executives for at least one year after a change in control. The Board believes it is imperative that the Company and the Board be able to rely upon key executives to continue in their positions and be available for advice, if requested, in connection with any proposal relating to a change in control without concern that those individuals might be distracted by the personal uncertainties and risks created by such a proposal. Change in control arrangements also facilitate the Company's ability to attract and retain management as the Company competes for talented employees in a marketplace where such protections are common.

With those goals in mind, the TCP provides that participants would be entitled to compensation following a change in control if (1) within two years from the date of the change in control the participant's employment is terminated by the Company other than for "cause," or by the employee for "good reason", or (2) in the case of executives participating in the TCP before April 15, 2010 (but not those who first participate in the TCP on or after that date), within a 30-day window period beginning on the first anniversary of the change in control, the executive terminates his or her employment voluntarily.

Following is a summary of several key terms of the TCP:

- "change in control" means the first to occur of: (1) the acquisition of 20% or more of our then-outstanding shares of common stock or the combined voting power of our then-outstanding voting securities; (2) our incumbent directors cease to constitute at least a majority of the Board, except in connection with the election of directors approved by a vote of at least a majority of the directors then comprising the incumbent Board; (3) consummation of our sale in a merger or similar transaction or sale or other disposition of all or substantially all of our assets; or (4) approval by our shareholders of the Company's complete liquidation or dissolution.
- "cause" means (1) any material misappropriation of Company funds or property; (2) the executive's unreasonable and persistent neglect or refusal to perform his or her duties which is not remedied in a reasonable period of time following notice from the Company; or (3) conviction of a felony involving moral turpitude.
- "good reason" means the occurrence after a change in control of any of the following without the participant's express written consent, unless fully corrected prior to the date of termination: (1) a material diminution of an executive's duties or responsibilities; (2) a reduction in, or failure to pay timely, the executive's compensation and/or other benefits or perquisites; (3) the relocation of the executive's office outside the Washington, D.C. metropolitan area or away from the Company's headquarters; (4) the failure of the Company or any successor to assume and agree to perform the TCP; or (5) any purported termination of the executive's employment other than in accordance with the TCP. Any good faith determination of "good reason" made by the executive shall be conclusive.
- "severance period" means a number of whole months equal to the participant's months of continuous service with the Company or its affiliates divided by 3.33; provided, however, that in no event shall the participant's severance period be less than 24 months or more than 36 months, regardless of the participant's actual length of service. As of December 31, 2022, the severance periods for Ms. Harker, Ms. Beall and Mr. Harrison are 24, 36 and 36 months, respectively.

An NEO entitled to compensation under the TCP would receive:

- *Pension.* In addition to their vested TRP and SERP benefits, upon their termination of employment, TCP participants are entitled to a lump sum payment equal to the difference between (1) the amount that would have been paid under the TRP and SERP had the executive remained in the employ of the Company for the severance period and received the same level of base salary and bonus which the executive received with respect to the fiscal year immediately preceding the date of the change in control or the termination date, whichever is higher, and (2) the

amount payable under the TRP and SERP as of the later of the date of the change in control or the termination date, whichever is higher. Ms. Beall's SERP benefit was subject to a service and pay freeze as of December 15, 2017. Mr. Harrison's SERP benefit was subject to a service and pay freeze as of August 1, 2008. Ms. Beall is 100% vested in her SERP benefit and Mr. Harrison would become 100% vested in his SERP benefit in the event of a change in control. The TCP would provide each of Ms. Beall and Mr. Harrison with increases in her or his pension benefit through the end of her or his severance period. Ms. Harker does not participate in the TRP or the SERP.

- *Payments.* Upon a TCP participant's qualifying termination of employment, the participant is entitled to receive a lump sum amount equal to the sum of (i) any unpaid base salary through the date of termination at the higher of the base salary in effect immediately prior to the change in control or on the termination date; and (ii) an amount equal to the highest annual bonus paid in the three preceding years which is prorated to reflect the portion of the fiscal year in which the participant was employed prior to termination. Additionally, TCP participants are paid a lump sum cash severance payment equal to the participant's severance period divided by twelve multiplied by the sum of (1) the executive's highest base salary during the 12-month period prior to the termination date or, if higher, during the 12-month period prior to the change in control (plus certain other compensation items paid to the participant during the 12-month period prior to the date of termination), and (2) the greater of (a) the highest annual bonus earned by the executive in the three fiscal years immediately prior to the year of the change in control or (b) the highest annual bonus earned by the executive with respect to any fiscal year during the period between the change in control and the date of termination.
- *Excise Taxes.* Executives participating in the TCP before April 15, 2010 (but not those who first participated in the TCP on or after that date) would be entitled to receive payment of an amount sufficient to make them whole for any excise tax imposed on the payment under Section 4999 of the Internal Revenue Code. The effects of Section 4999 generally are unpredictable and can have widely divergent and unexpected effects based on an executive's personal compensation history. Therefore, to provide an equal level of benefit across individuals without regard to the effect of the excise tax, the Company determined that excise tax reimbursement payments were appropriate for certain TCP participants. Executives, such as Ms. Harker, who first participated in the TCP on or after April 15, 2010, will not receive a Section 4999 excise tax reimbursement. The change of control benefits for executives who are not entitled to receive a Section 4999 excise tax reimbursement payment will be reduced to \$1 less than the amount that would trigger such taxes if such a reduction would put them in a better after-tax position.
- *Medical and Life Insurance.* For purposes of determining a TCP participant's eligibility for retiree life insurance and medical benefits, the participant is considered to have attained the age and service credit that the participant would have attained had the participant remained employed until the end of the severance period. Additionally, each TCP participant receives life and medical insurance benefits for the severance period in amounts no less than those that would have been provided had the participant not been terminated.

TEGNA Executive Severance Plan (TESP)

Each of the NEOs participates in the TEGNA Inc. Executive Severance Plan (TESP). The TESP provides severance payments to each of the NEOs and other executives of the Company approved by the Committee in the event of certain involuntary terminations of employment. Under the TESP, a participant who experiences an involuntary termination of employment without cause would receive a lump-sum cash severance payment equal to the product of (a) a severance multiple; and (b) the sum of the participant's (1) annual base salary and (2) average annual bonus earned for the three fiscal years immediately preceding the termination. The severance multiple is 2.0 for a participant who is the Company's Chief Executive Officer, 1.5 for a participant who is a member of the Company's executive leadership team who reports directly to the Company's Chief Executive Officer, and 1.0 for all other participating executives. In addition, participating executives would receive a lump sum amount equal to the sum of (1) any unpaid base salary or bonus through the date of termination; and (2) a prorated annual bonus for the portion of the fiscal year elapsed prior to the termination. The severance payment is contingent upon the participant's execution of a separation agreement containing a release of claims in favor of the Company and its affiliates and covenants restricting the participant's competition, solicitation of employees, disparagement of the Company and its affiliates, and disclosure of confidential information. The separation agreement also contains a release of claims by the Company and its affiliates in favor of the participant and a covenant restricting the Company's disparagement of the participant. The severance multiples for Mr. Lougee, Ms. Harker, Ms. Beall and Mr. Harrison are 2.0, 1.5, 1.5 and 1.5, respectively.

In May 2017, in order to secure the retention of Ms. Harker following the Cars.com Spin-off, the Company entered into a letter agreement with Ms. Harker pursuant to which she was entitled to participate in the TESP or a plan that provides substantially similar benefits through February 28, 2018. Following that date, Ms. Harker is permitted to terminate her employment with the Company voluntarily and receive the benefits contemplated by the TESP or such other severance

plan, subject to her compliance with certain notice requirements and the terms of such plan (including the execution of a release of claims) and provided that circumstances have not arisen entitling the Company to terminate her employment for cause.

Additional information regarding severance benefits for the Company's NEOs is set forth in the section of this report entitled "Other Potential Post-Employment Payments."

Other Compensation Policies

Recoupment Policy

The Company has adopted a recoupment or "clawback" policy that applies to cash-based and equity-based incentive compensation awards granted to the Company's employees, including the NEOs. Under the policy, to the extent permitted by applicable law and subject to the approval of the Committee, the Company may seek to recoup any incentive based compensation awarded to any employee subject to the policy, if (1) the Company is required to prepare an accounting restatement due to the material noncompliance with any financial reporting requirement under the securities laws, (2) the fraud or intentional misconduct of an employee subject to the policy contributed to the noncompliance that resulted in the obligation to restate, and (3) a lower award of incentive-based compensation would have been made to the covered employee had it been based upon the restated financial results. In December 2018, the Company amended its recoupment policy to also permit the Committee to recoup up to three years of an employee's incentive compensation if that employee's gross negligence or intentional misconduct caused the Company material harm (financial, competitive, reputational or otherwise), even if the Company is not required to prepare an accounting restatement. The policy is in addition to any other remedies the Company may have, including those available under Section 304 of the Sarbanes-Oxley Act of 2002, as amended.

Hedging, Short-Selling and Pledging Policy

The Company has adopted a policy that prohibits the Company's employees and directors from purchasing financial instruments that are designed to hedge or offset any fluctuations in the market value of the Company's equity securities they hold, purchasing the Company's shares on margin and selling any securities of the Company "short." The policy also prohibits the Company's directors and executive officers from borrowing against any account in which the Company's equity securities are held or pledging the Company's equity securities as collateral for a loan. These prohibitions apply whether or not such equity securities were acquired through the Company's equity compensation programs.

Tax Considerations

Effective January 1, 2018, Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid to an individual who was the company's CEO, CFO or one of the company's next three other most highly compensated executive officers in any year after 2016. As a general matter, while the Committee considers tax deductibility as one of several relevant factors in determining compensation, it retains the flexibility to design and maintain executive compensation arrangements that it believes will attract and retain executive talent and result in strong returns to shareholders, even if such compensation is not deductible by the Company for federal income tax purposes.

Leadership Development and Compensation Committee Report

The Leadership Development and Compensation Committee met with management to review and discuss the Compensation Discussion and Analysis disclosures included in this report. Based on such review and discussion, on April 27, 2023 the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this report, and the Board has approved that recommendation.

- Amounts in this column reflect that increases in base salaries become effective on or about April 1 of the year to which the increase relates. In addition, the amounts reported in this column for 2020 reflect that in response to the COVID-19 pandemic senior Company executives, including each of the NEOs, accepted temporary salary reductions pursuant to which Mr. Lougee received a 25% temporary salary reduction and senior Company executives, including each of the NEOs other than Mr. Lougee, received a 20% temporary salary reduction during the second quarter of 2020.
- Amounts in this column represent the aggregate grant date fair value of Performance Share and RSU awards computed in accordance with Accounting Standards Codification 718, Compensation—Stock Compensation (“ASC 718”) based on the assumptions set forth in note 9 to the Company’s 2022 audited financial statements. The amounts reported in this column are not paid to or realized by the NEO. There can be no assurance that the ASC 718 amounts shown in this column will ever be realized by an executive officer. The value of grants of Performance Shares included above have been calculated assuming the target level of performance is met, which we consider to be the most probable outcome. If grants of Performance Shares were calculated assuming the maximum level of performance was met, the amounts shown in this column for Mr. Lougee would be: 2022: \$8,287,514; 2021: \$7,458,753; 2020: \$7,458,760; for Ms. Harker: 2022: \$2,828,740; 2021: \$2,169,982; 2020: \$2,169,998; for Ms. Beall: 2022: \$2,014,994; 2021: \$1,777,867; 2020: \$1,777,836; and for Mr. Harrison: 2022: \$1,550,013; 2021: \$1,290,391; 2020: \$1,220,626.
- Amounts in this column represent the aggregate increase, if any, of the accumulated benefit liability relating to the NEO under the TRP and the SERP in the applicable fiscal year. Amounts are calculated by comparing values as of the pension plan measurement date used for the Company’s financial statements for the applicable fiscal years. The Company uses the same assumptions it uses for financial reporting under generally accepted accounting principles with the exception of retirement age, pre-retirement mortality and probability of terminating employment prior to retirement. The assumed retirement age for the above values is the earliest age at which an executive could retire without any benefit reduction due to age. The above values are calculated assuming each NEO survives to the assumed retirement age. The amounts reported in this column shown for Mr. Lougee include the accumulated benefit liability related to his legacy Belo Corp. pension benefit. The amounts reported in this column shown for Ms. Harker reflect the fact that she does not participate in the TRP or the SERP.
- Amounts for 2022 reported in this column include (i) life insurance premiums paid by the Company for Ms. Beall in the amount of \$20,163 (for an explanation of the Company’s life insurance programs, see footnote 3 to the “Potential Payments to NEOs Upon Termination” table beginning on page 41 of this report); (ii) matching contributions of \$12,200 to each of the respective 401(k) accounts of Mr. Lougee, Ms. Harker, Ms. Beall and Mr. Harrison; (iii) Company contributions into the DCP accounts of Mr. Lougee, Ms. Harker, Ms. Beall and Mr. Harrison in the amounts of \$84,800, \$51,877, \$44,477, and \$24,462, respectively (for an explanation of these

payments, see the discussion of the TEGNA Deferred Compensation Plan beginning on page 28 of this report); (iv) premiums in the amount of \$22,032 paid by the Company for supplemental medical coverage for Mr. Lougee and Ms. Beall; (v) for Ms. Beall, an automobile allowance (beginning in 2012, the Company no longer provides an automobile (or automobile allowance) to new senior executives; Mr. Lougee, Ms. Harker and Mr. Harrison do not receive this benefit), (vi) legal and financial services for Mr. Lougee and Ms. Beall; (vii) TEGNA Foundation grants to eligible charities recommended by Mr. Lougee and Ms. Harker of up to \$15,000 annually (beginning in 2013, the Company no longer provides this benefit to new senior executives, including Ms. Beall and Mr. Harrison); and (viii) premiums paid by the Company for travel accident insurance for Mr. Lougee, Ms. Harker, Ms. Beall and Mr. Harrison in the amounts of \$1,696, \$1,696, \$1,696 and \$1,358, respectively. The NEOs also occasionally receive tickets to sporting events for personal use if the tickets are not needed for business use, for which the Company does not incur incremental costs.

Grants of Plan-Based Awards

The following table summarizes grants of plan-based awards in 2022. See the table entitled “Outstanding Equity Awards at Fiscal Year End” for the number of plan-based awards outstanding on December 31, 2022.

- (1) See the “Compensation Discussion and Analysis” section for a discussion of the timing of various pay decisions.
- (2) These share numbers represent the threshold, target and maximum payouts which may be earned under the 2022 Performance Share awards. The threshold payout is 65% of the target Performance Share award, and the maximum payout is 200% of the target Performance Share award.
- (3) The RSU grants reported in this column generally vest in four equal annual installments and, subject to certain exceptions, the corresponding vested shares of the Company’s common stock generally will be delivered to the NEO in four equal annual installments beginning on February 28, 2023.
- (4) The full grant date fair value of the awards was computed in accordance with ASC 718, based on the assumptions set forth in note 9 to the Company’s 2022 audited financial statements. There can be no assurance that the ASC 718 amounts shown in the table will ever be realized by an executive officer. Amounts shown for grants of Performance Shares have been calculated assuming the target level of performance is met.

- (1) The value of these RSUs and Performance Shares is based on the product of the number of the applicable RSUs or Performance Shares shown multiplied by \$21.19, the closing price of a share of Company stock on December 30, 2022. There can be no assurance that the amounts shown in the table will ever be realized by an executive officer.
- (2) These RSUs vested on February 28, 2023.
- (3) Fifty percent of these RSUs vested on February 28, 2023 and the remaining fifty percent of these RSUs are scheduled to vest on February 29, 2024.

- (4) One third of these RSUs vested on February 28, 2023 and the remainder of these RSUs are scheduled to vest in two equal annual installments on February 29, 2024 and February 28, 2025.
- (5) Twenty-five percent of these RSUs vested on February 28, 2023 and the remainder of these RSUs are scheduled to vest in three equal annual installments on February 29, 2024, February 28, 2025 and February 28, 2026.

- (7) These share numbers represent the Performance Shares earned for the 2021-2022 performance cycle, which were earned at 91.1% of target as described on page 25 of this report. The payout of the earned Performance Shares remains subject to a service-based vesting period ending February 29, 2024.
- (8) These share numbers represent the target Performance Share awards under the Performance Share program for the 2022-2025 Incentive Period. If the performance conditions are met during the two-year performance cycle ending December 31, 2023, these Performance Shares are eligible to vest on February 28, 2025.

- (1) These share amounts include (a) 25% of the Company’s RSU awards granted respectively, on March 1, 2018, March 1, 2019, March 1, 2020 and March 1, 2021, which vested on February 28, 2022 (which RSUs were paid to the NEOs by the Company shortly after the vesting date); and (b) the Company’s 2019 PSU awards granted on March 1, 2019, which vested on February 28, 2022 and were paid on February 28, 2022 at 136.7% of target.
- (2) For each of the NEOs, these amounts equal the sum of (a) the product of the aggregate number of Company RSU shares granted on March 1, 2018, March 1, 2019, March 1, 2020 and March 1, 2021 which vested on February 28, 2022, multiplied by \$22.92 (the closing price of a share of Company stock on February 28, 2022, the vesting date), and (b) the product of the aggregate number of Company 2019 PSU shares granted on March 1, 2019 multiplied by 136.7% and \$22.92 (the closing price of a share of Company stock on February 28, 2022, the vesting date).

Pension Benefits

The table below shows the actuarial present value as of December 31, 2022 of accumulated benefits payable to each of the NEOs, including the number of years of service credited to each, under each of the TEGNA Retirement Plan, or TRP, and the TEGNA Supplemental Retirement Plan, or SERP, in each case determined using assumptions consistent with those used in the Company’s financial statements, except with respect to pre-retirement mortality, probability of turnover prior to retirement and retirement age. The table below reflects an immediate retirement for all NEOs who participate with respect to the TRP and the SERP. The amounts reported in the table reflect payment at the earliest point in time at which benefits are available without any reduction for age. Information regarding the TRP and SERP can be found in the “Compensation Discussion and Analysis” section of this report under the headings “TEGNA Retirement Plan (TRP)” and “TEGNA Supplemental Retirement Plan.” Ms. Harker does not participate in the TRP or the SERP.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Mr. Lougee (1)	TRP	20.12	559,211	0
	SERP	6.58	58,668	0
Ms. Beall (2)	TRP	20.17	350,132	0
	SERP	29.58	3,313,704	0
Mr. Harrison (3)	TRP	5.33	32,318	0
	SERP	5.33	1,252	0

- (1) The TRP amount shown for Mr. Lougee includes the accumulated benefit related to his legacy Belo Corp. pension benefit. The number of years of credited service shown for Mr. Lougee include 13.5 years of service under the Belo Corp. Pension Plan, which was acquired by the Company. The Company has not granted Mr. Lougee any additional credited service under the pension plans. The present values of Mr. Lougee’s accumulated TRP and legacy Belo Corp. pension benefits are \$118,169 and \$441,042, respectively.
- (2) Ms. Beall has fewer years of credited service under the TRP than under the SERP. As discussed in the description of the SERP beginning on page 27 of this report, participants in the SERP whose SERP benefits were not calculated under the pre-1998 formula ceased accruing credit for additional years of service after the GRP was frozen on August 1, 2008. Until December 31, 2017, at which time SERP participants whose SERP benefits were calculated under the pre-1998 formula ceased accruing credit for additional years of service or compensation, Ms. Beall continued to accrue benefits under the SERP at a reduced rate (as described in the discussion of the SERP found in the “Compensation Discussion and Analysis” section of this report) based on actual years of service. The Company does not generally provide additional pension service credit to any executive for years not actually worked.
- (3) Mr. Harrison is not vested in his SERP benefit but will become vested if he continues employment until age 55.

Non-Qualified Deferred Compensation

The TEGNA Deferred Compensation Plan, or DCP, is a non-qualified plan that allows Company executives to defer all or a portion of their compensation. Participant contributions that are not treated as if invested in the Company’s stock are generally distributed in cash and amounts that are treated as if invested in the Company’s stock are generally distributed in shares of stock or cash, at the Company’s election. Effective August 1, 2008, the DCP also provides for Company contributions for certain participants. Additional information regarding the DCP can be found in the “Compensation Discussion and Analysis” section of this report under the heading “TEGNA Deferred Compensation Plan (DCP).”

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)(1)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions in Last FY (\$)	Aggregate Balance at Last FYE (\$)
Mr. Lougee	—	84,800	(33,351)	—	1,401,706
Ms. Harker	—	51,877	50,450	—	683,848
Ms. Beall	—	44,477	24,913	—	246,544
Mr. Harrison	—	24,462	6,005	—	239,563

- (1) For 2022, the Company credited contributions to the DCP on behalf of each NEO in an amount equal to 4% of their respective cash compensation that exceeds the Internal Revenue Code limits on the amount of compensation that can be taken into account when calculating benefits under a qualified plan. These Company contributions are initially treated as invested in Company stock (although participants can reallocate the contributions to other designated investment options) and are distributed in cash. The amounts shown in this column reflect the Company contributions made in February 2023 for services provided by each of the NEOs in 2022, all of which contributions were included in the amounts reported in the “All Other Compensation” column of the “Summary Compensation Table” found on page 33 of this report.

Other Potential Post-Employment Payments

The Company’s employee benefit programs provide the NEOs with post-termination benefits in a variety of circumstances. The amount of compensation payable may vary depending on the nature of the termination, whether as a result of retirement/voluntary termination, involuntary not-for-cause termination, termination following a change in control or termination in the event of the disability or death of the executive. The following table describes payments the NEOs generally may receive under the Company’s employee benefits programs following termination in connection with certain events. Benefits provided to an NEO pursuant to a particular agreement or other arrangement between the Company and the NEO are not described in the table below. Any such benefits are described in the footnotes to the “Potential Payments to NEOs Upon Termination” table beginning on page 41 of this report.

Benefit	Retirement/ Voluntary Termination	Death	Disability	Change in Control	Involuntary Termination without Cause

Performance Shares	Performance shares are forfeited unless termination occurs after age 65 (or after attaining 55 with 5 years or more of service), in which case the NEO is generally entitled to receive, after the end of the applicable Incentive Period, a prorated number of Performance Shares based on the number of full months worked during the applicable Incentive Period.	The NEO's estate is generally entitled to receive, after the end of the applicable Incentive Period, a prorated number of Performance Shares based on the number of full months worked during the applicable Incentive Period.	The NEO is generally entitled to receive, after the end of the applicable Incentive Period, a prorated number of Performance Shares based on the number of full months worked during the applicable Incentive Period.	Performance Shares only provide for accelerated vesting if the awards are not continued or assumed upon the change in control or there is a qualifying termination within 2 years of the change in control. Performance Share award payouts made as a result of a change in control occurring prior to the expiration of the two-year performance cycle will be made at target; if the change in control occurs after the performance cycle is completed, payouts will be determined based on the Company's achievement of the applicable performance metrics during the performance cycle.	Performance shares are forfeited unless termination occurs after age 65 (or after attaining 55 with 5 or more years of service), in which case the NEO is generally entitled to receive, after the end of the applicable Incentive Period, a prorated number of Performance Shares based on the number of full months worked during the applicable Incentive Period.
Life and Disability Insurance Benefits	None.	NEOs are generally entitled to receive death benefits under individual policies maintained by the Company and owned by the NEO or pursuant to the Company's group life insurance program applicable to all employees.	NEOs are generally entitled to receive disability benefits under the Company's disability plans applicable to all employees, but only if their condition qualifies them for such benefits.	None.	None.

The below discloses the varying amounts payable to each NEO in each of the noted situations. It assumes, in each case, that the executive's termination was effective as of December 31, 2022. In presenting this disclosure, we describe amounts earned through December 31, 2022, taking into account, where applicable, bonuses paid in 2023 but earned as a result of 2022 performance and, in those cases where the actual amounts to be paid out can only be determined at the time of such executive's separation from the Company, our estimates of the amounts which would have been paid out to the executives upon their termination had it occurred on December 31, 2022. In addition, receipt of severance benefits under the TESP generally would be conditioned on the executive signing a separation agreement that includes a release of claims in favor of the Company and its respective affiliates, and agreement to adhere to customary post-employment restrictive covenants. The amounts shown in the Change in Control column represent the estimated *incremental payments and benefits* that would be payable to each NEO upon a change in control of the Company, assuming that the triggering event and a qualifying termination occurred at year-end 2022, in excess of the compensation and benefit entitlements that are payable to an NEO upon Retirement/Voluntary Termination.

- (1) The amounts shown in these rows represent the aggregate value of Performance Shares for the 2020-2023, 2021-2024 and 2022-2025 Incentive Periods, in each case at an assumed value per underlying share of common stock of \$21.19, the closing price of a share of Company stock on December 30, 2022, which:
- (a) in the case of Retirement/Voluntary Termination, Death, Disability or Involuntary Termination without Cause, are prorated for Mr. Lougee, Ms. Harker and Ms. Beall based upon the number of full months the NEO has worked during the applicable Incentive Period, assuming payout to each NEO:
 - (i) in respect of the 2020 Performance Shares, is based on actual performance levels for each performance metric during the two-year performance cycle, resulting in 143.1% of the target amounts for the grants made in connection with the Company's 2020-2023 Incentive Period,
 - (ii) in respect of the 2021 Performance Shares, is based on actual performance levels for each performance metric, resulting in 91.1% of the target amounts for the grants made in connection with the Company's 2021-2024 Incentive Period; and

- (iii) in respect of the 2022 Performance Shares, is based on target performance levels for each performance metric, resulting in 100% of the target amounts for the grants made in connection with the Company's 2022-2025 Incentive Period.
- (b) in the case of Death or Disability, are prorated for Mr. Harrison based upon the number of full months he has worked during the applicable Incentive Period, assuming payout to Mr. Harrison:
 - (i) in respect of the 2020 Performance Shares, is based on actual performance levels for each performance metric during the two-year performance cycle, resulting in 143.1% of the target amounts for the grants made in connection with the Company's 2020-2023 Incentive Period,
 - (ii) in respect of the 2021 Performance Shares, is based on actual performance levels for each performance metric, resulting in 91.1% of the target amounts for the grants made in connection with the Company's 2021-2024 Incentive Period, and
 - (iii) in respect of the 2022 Performance Shares, is based on target performance levels for each performance metric, resulting in 100% of the target amounts for the grants made in connection with the Company's 2022-2025 Incentive Period.
- (c) in the case of a change in control of the Company (other than a change of control under the Merger Agreement, which is described further below), assuming payout to each NEO in respect of:
 - (i) the 2020 Performance Shares, is based on the Company's actual performance with respect to each performance metric during the two-year performance cycle, resulting in 143.1% of the target amounts for the grants made in connection with the Company's 2020-2023 Incentive Period, and
 - (ii) both the 2021 Performance Shares and the 2022 Performance Shares, is based on target performance levels for each performance metric, resulting in 100% of the target amounts for the grants made in connection with the Company's 2021-2024 Incentive Period and the Company's 2022-2025 Incentive Period, respectively.

Notwithstanding the assumptions set forth above, (i) in the case of Retirement/Voluntary Termination, Death, Disability or Involuntary Termination without Cause, Performance Shares will be paid out on the normal payout cycle (following the end of the applicable Incentive Period) based on the Company's performance as measured under the applicable Performance Share award, and (ii) upon closing of the transactions contemplated by the Merger Agreement, the aggregate value of the 2021 Performance Shares would be calculated based on the greater of (A) the Company's actual performance with respect to each performance metric during the two-year performance cycle, and (B) the Company's performance with respect to each performance metric during the two-year performance cycle assuming the Company's actual performance for 2021 was also achieved for 2022. As a result, assuming the transactions contemplated by the Merger Agreement closed on December 31, 2022 and a value per underlying share of Company common stock of \$21.19, the closing price of a share of Company stock on December 30, 2022, the payout in the corresponding row in this column for each NEO would be as follows: Mr. Lougee: \$7,041,649; Ms. Harker: \$1,869,403; Ms. Beall: \$1,456,283; and Mr. Harrison: \$2,454,205. This would result in total incremental payments and benefits (in excess of the compensation and benefit entitlements that are payable to an NEO upon Retirement/Voluntary Termination) upon closing of the transactions contemplated by the Merger Agreement of the following amounts: Mr. Lougee: \$16,445,163; Ms. Harker: \$4,186,285; Ms. Beall: \$9,808,333; and Mr. Harrison: \$8,501,552.

- (2) In addition to the amounts reported in this column, Mr. Lougee and Ms. Beall will receive the following post-retirement benefits and perquisites if he or she terminates employment (given that they are both currently retirement eligible): (i) legal and financial counseling services on the same basis as available to an active executive at the time his or her employment terminates, until April 15 of the year of retirement or the year following retirement; (ii) supplemental medical insurance coverage for the executive and his or her family; and (iii) generally continue to be permitted to recommend TEGNA Foundation grants to eligible charities up to \$15,000 annually for a period of three years after retirement (Mr. Lougee only). If the executive is asked to represent the Company at a function or event, he or she is provided travel accident insurance. During the first year, we estimate the expected incremental cost to the Company for these post-retirement benefits would be approximately \$57,100 for Mr. Lougee and \$42,100 for Ms. Beall. During the second and third years following retirement, we estimate the expected incremental cost to the Company would be approximately \$38,700 for Mr. Lougee and \$23,700 for Ms. Beall. Thereafter, we estimate the expected incremental cost to the Company would be \$22,000 for each of Mr. Lougee and Ms. Beall for these post-retirement benefits and perquisites. The Company reserves the right, in its sole discretion, to amend or terminate the post-retirement perquisites from time to time.

(3) In connection with the Company's life insurance programs:

- NEOs may participate in the Company's executive life insurance program. Mr. Lougee participates in the Key Executive Life Insurance Program (KELIP), Ms. Beall participate in the Executive Life Insurance Program (ELIP) and Ms. Harker and Mr. Harrison have chosen not to participate.

Under the KELIP, the face amount of the policy is determined once, at the beginning of the executive's participation in the program and is equal to the sum of (i) two times the sum of the participant's base salary and last bonus (in each case, at the time of underwriting) increased four percent annually for the lesser of ten years or until the executive reaches age 65, and (ii) \$200,000. The participant's future pay increases have no impact on the face amount of the policy and the coverage level is stepped down to \$500,000 upon the earlier of the participant reaching age 65 or the participant's retirement.

Under the ELIP, the face amount of the policy is determined at each policy anniversary. The executive's death benefit under this frozen plan is equal to the sum of (i) two times the sum of the participant's base salary and last bonus, and (ii) \$200,000. The participant's future pay increases, subject to a 10% guarantee issue increase limit, have a direct impact on the face amount of the policy. Upon the participant reaching age 65, the coverage level is reduced by 10% each year until it reaches \$350,000.

The Company pays premiums on the above-referenced individually-owned life insurance policies, which premium is expected to be approximately \$20,200 for Ms. Beall in 2023. Subject to the terms of his or her participation agreement, the participant's right to receive future annual premium payments may become vested. As of December 31, 2022, Mr. Lougee has the right to receive these benefits, and Ms. Beall is not vested in this benefit.

- Death benefits are payable under individual universal life insurance policies maintained by the Company and owned by Mr. Lougee and Ms. Beall, respectively. The obligation to pay death benefits to the beneficiary(ies) designated by Mr. Lougee and Ms. Beall, respectively, pursuant to these insurance policies is that of the insurance company; the Company only pays the insurance premiums on behalf of the NEOs. In 2022, the Company paid insurance premiums on behalf of Ms. Beall. The life insurance proceeds that would have been payable (by the insurance company) to the beneficiary(ies) designated by Mr. Lougee and Ms. Beall, respectively, if a triggering event had occurred as of December 31, 2022 are: Mr. Lougee: \$3,062,792 and Ms. Beall: \$2,880,000.
- Ms. Harker and Mr. Harrison continue to participate in the Company's group life insurance program applicable to all employees (which provides for a benefit equal to the sum of base salary and last annual bonus, capped at \$1,250,000).
- In addition to the reported amount, the Company would continue to provide supplemental medical insurance coverage for their eligible dependents in the event of the deaths of Mr. Lougee or Ms. Beall, for the duration of the life of the eligible dependents. We estimate annual incremental costs to the Company for this benefit of approximately \$22,000 for each of Mr. Lougee and Ms. Beall. Ms. Harker and Mr. Harrison are not eligible to receive this benefit.

(4) The amounts shown for Ms. Harker reflect the fact that she does not participate in the TRP or the SERP.

(5) In connection with the Company's disability benefits programs:

- Each NEO is entitled to a monthly disability benefit. The amounts set forth in these rows represent the present value of the disability benefit applying the following assumptions: (i) the NEO incurred a qualifying disability on December 31, 2022, and the NEO remains eligible to receive disability benefits for the maximum period provided under the plan; (ii) the disability benefits are reduced by certain offsets provided for under the plan (e.g., a portion of the NEO's SERP benefits, if any); and (iii) IRS-prescribed mortality and interest rate assumptions are used to calculate the present value of such benefits.
- In the event that any of the NEOs become disabled he or she would be entitled to receive disability benefits under the Company's disability plans, including: during the first six months of disability, disability benefits are paid at 100% of the executive's pre-disability compensation for all or part of the six month period, depending on the length of the executive's service, and if not paid at 100% for the entire six month period, disability benefits are paid at 60% of the executive's pre-disability compensation for the balance of the six month period. After six months, disability benefits are paid at 60% or 50% of the executive's pre-disability compensation, depending on whether the executive elects to pay for additional coverage. Certain executives are eligible to enroll in executive long-term disability coverage on an employee pay-all basis. This executive disability benefit provides additional disability income protection on earnings above the non-executive plan limit. To be eligible, the executive must have enrolled in the non-executive long-term disability coverage and

elected the supplemental buy-up option which provides 60% income protection on annual earnings up to \$500,000, defined as base salary, annual bonus and commissions. The executive disability coverage provides similar benefits on the earnings above the \$500,000 limit. Mr. Lougee and Ms. Beall have each elected to participate in the executive long-term disability plan and the amounts set forth in this column reflect the additional coverage. Disability benefits are subject to certain conditions, limitations and offsets, and generally continue for the duration of the disability, but not beyond age 65. For those who become disabled near or after age 65, benefits may continue for a specified time beyond age 65 under the terms of the plan.

- (6) The amounts set forth in this column represent the estimated incremental payments and benefits that would be payable to each NEO upon a change in control of the Company, assuming that the triggering event and a qualifying termination occurred at year-end 2022. These amounts would be in excess of the compensation and benefit entitlements described in this report that are payable to an NEO upon Retirement/Voluntary Termination absent a change in control.
- (7) This amount represents the excise tax reimbursement amount an NEO would receive in connection with a change in control of the Company. The amounts shown for Ms. Beall and Mr. Harrison reflect the fact that the compensation she and he would have received if a change in control of the Company took place on December 31, 2022, would trigger an excise tax under Internal Revenue Code Section 4999, and that under the TCP each of them would be entitled to receive the excise tax reimbursement payment shown in the table. Mr. Lougee participates in the CIC Severance Plan, which does not provide for an excise tax reimbursement payment. Ms. Harker is not entitled to receive an excise tax reimbursement under the TCP. In the event that Mr. Lougee or Ms. Harker were subject to the excise tax under Code Section 4999, their change in control benefits would be reduced to \$1 less than the amount that would trigger such taxes if such a reduction would put them in a better after-tax position. The full amount of Mr. Lougee's and Ms. Harker's severance is reflected in the table without giving effect to any such potential reduction.
- (8) In addition to the amounts reported in this column, each NEO in the TCP (Ms. Harker, Ms. Beall and Mr. Harrison) would receive life and medical insurance benefits for the severance period in amounts no less than those that would have been provided had the executive not been terminated. Mr. Lougee, as a participant in the CIC Severance Plan, would receive a lump sum COBRA benefit. We estimate incremental costs to the Company for these benefits as follows: Mr. Lougee: \$33,796, Ms. Harker: \$29,467, Ms. Beall: \$67,384, and Mr. Harrison: \$43,336.
- (9) In addition to the benefits afforded under the TCP and the CIC Severance Plan, our NEOs also would receive other benefits under the SERP and the DCP upon a change in control that qualifies as a change in control under Code Section 409A, including:
 - *SERP*. All SERP benefits become immediately vested and benefits accrued up to the date of the change in control are paid out in the form of a lump sum distribution shortly after the change in control.
 - *DCP*. All post-2004 DCP benefits accrued up to the date of the change in control are paid in the form of a lump sum distribution shortly after the change in control.
- (10) These amounts represent payments NEOs may be entitled to receive under the TESP, which provides severance payments to the NEOs and other executives of the Company approved by the Committee in the event of certain involuntary terminations of employment.
- (11) Pursuant to her May 2017 letter agreement, Ms. Harker is entitled to a severance benefit under the TESP if she voluntarily terminates employment. See the section entitled "Compensation Discussion and Analysis —TEGNA Executive Severance Plan (TESP)" for a discussion of this benefit.

CEO Pay Ratio

We are providing the following information to comply with Item 402(u) of Regulation S-K:

The 2022 total compensation of our CEO was \$7,271,600.

During 2022, there were no changes to our employee population or employee compensation arrangements that we believe would significantly impact our pay ratio calculations and disclosure. Accordingly, consistent with SEC regulations, we have calculated and presented the CEO pay ratio for 2022, below, on the basis of the same median employee identified as of December 31, 2021. As previously reported in our 2022 proxy statement, to determine the median employee, we first identified five possible median employees as of December 31, 2021 using our workforce of approximately 6,200 full, part-time and temporary employees as of December 31, 2021 and analyzing compensation paid in the form of base salary,

bonus, commissions and sales incentives for the prior 12-month period. We then calculated 2021 total compensation for the five possible median employees based on the proxy rules for determining the annual compensation of NEOs and selected the median employee based on such calculations. The 2022 total compensation of the median employee so selected, including base salary, bonus, and 401(k) matching contributions, was \$63,881.

The resulting ratio of our CEO's 2022 total compensation to the 2022 total compensation of the median employee was 113.8 to 1. This pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

Director Compensation

The compensation year for non-employee directors begins at each Annual Meeting of shareholders and ends at the following Annual Meeting of shareholders. The Leadership Development and Compensation Committee annually reviews the compensation program for non-employee directors with the assistance of Meridian, the Company's independent compensation consultant, which provides a report evaluating the program relative to market practices. The Company paid its directors the following compensation for the 2022-2023 director compensation year:

- an annual retainer of \$100,000;
- an additional annual retainer fee of \$20,000 to each of the chairs of the Leadership Development and Compensation Committee, Nominating and Governance Committee, and Public Policy and Regulation Committee, an additional annual retainer fee of \$30,000 to the chair of the Audit Committee, and an additional annual retainer fee of \$120,000 to the independent Chair of the Board;
- an annual equity grant in the form of restricted stock units with a grant date value equal to \$125,000, which grant may be deferred under the DCP;
- travel accident insurance of \$1,000,000; and
- a match from the TEGNA Foundation of charitable gifts made by directors up to a maximum of \$10,000 each year.

All cash retainers are payable in cash quarterly and may be deferred under the DCP.

The annual equity grant is made to directors on the first day of the compensation year for directors. These awards of restricted stock units vest at a rate of 1/4th of the shares per quarter after the grant date, receive dividends or, if deferred, dividend equivalent rights and, once fully vested, will be paid to the director on the first anniversary of the grant date (unless the director has elected to defer his or her restricted stock units under the DCP), subject to the Company's stock ownership guidelines for directors described below.

Restricted stock units will fully vest if a non-employee director retires from the Board due to the age of service limitations set forth in the Company's By-laws or if the director leaves the Board because of death or disability. Restricted stock units also automatically vest upon a change in control of the Company. When a non-employee director leaves the Board for any other reason, the director's unvested restricted stock units are forfeited.

Directors may elect to defer their cash retainer and/or annual equity grant under the DCP, which for cash fee deferrals provides for the same investment choices, including mutual funds and a TEGNA stock fund, made available to other DCP participants. Annual equity grants deferred at the election of the director must be invested in the TEGNA stock fund of the DCP.

The Company's stock ownership guidelines encourage directors to own, directly, beneficially, or through the DCP, a number of shares having an aggregate value of at least three times the value of the director's cash retainer. Directors are expected to hold all shares received from the Company as compensation until they meet their stock ownership guideline. All of our non-employee directors have met their stock ownership guideline.

The following table shows the compensation paid to our independent directors for the fiscal year ended December 31, 2022. Mr. Lougee did not receive separate compensation for his service as a director and therefore is not included in the following tables.

- (1) Amounts shown in this column reflect the cash compensation earned by each director for 2022, in each case based upon the form in which the director elected to receive his or her retainer fees during the 2021-2022 and 2022-2023 director compensation periods.
- (2) Amounts shown in this column reflect the long-term equity award(s) granted to each director in 2022. The amounts in this column represent the aggregate grant date fair value of RSU awards computed in accordance with ASC 718 based on the assumptions set forth in note 9 to the Company's 2022 audited financial statements.
- (3) Represents charitable gifts matched by the TEGNA Foundation pursuant to the TEGNA Match program. The TEGNA Match program matches eligible gifts made by Company employees and directors up to an aggregate of \$10,000 a year. Gifts must be made to eligible organizations, including tax exempt charitable organizations, tax exempt hospitals or medical centers, and tax-exempt colleges, universities, graduate or professional schools, engineering or technical institutions and public and private preschools, elementary and secondary schools in the U.S. and its territories.
- (4) For the 2021-2022 director compensation period, Ms. Witmer deferred all payments she received in the form of cash and restricted stock units and Mr. Elias, Ms. Fonseca, Mr. McGee and Mr. Shapiro each deferred all payments received in the form of restricted stock units. For the 2022-2023 director compensation period, Ms. Witmer deferred all payments she received in the form of cash and restricted stock units and Ms. Bianchini, Mr. Elias, Mr. McGee and Mr. Shapiro each deferred all payments received in the form of restricted stock units.
- (5) Ms. Ness did not stand for reelection to the Board of Directors at the Company's 2022 Annual Meeting of Shareholders because she had reached the Company's mandatory retirement age for non-management directors. She therefore was paid a prorated amount of her annual compensation for the year through her last day of service as a director.

12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters
Equity Compensation Plan Information

The table below sets forth the following information as of the end of the Company's 2022 fiscal year for (i) compensation plans previously approved by the Company's shareholders and (ii) compensation plans not previously approved by the Company's shareholders: (a) the number of securities to be issued upon the exercise of outstanding stock options (SOs), warrants and rights; (b) the weighted-average exercise price of such outstanding SOs, warrants and rights; and (c) other than securities to be issued upon the exercise of such outstanding SOs, warrants and rights, the number of securities remaining available for future issuance under the plans.

PLAN CATEGORY	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted -Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column(a)) (c)
Equity compensation plans approved by shareholders(1)	4,958,786		16,318,590
Equity compensation plans not approved by shareholders(2)	333,255		4,424,642
Total	5,292,042		20,743,232

- (1) The equity compensation plans approved by the Company's shareholders are the TEGNA Inc. 2020 Omnibus Incentive Compensation Plan (the "2020 Plan") and the TEGNA Inc. 2001 Omnibus Incentive Compensation Plan (amended and restated as of May 4, 2010), as amended (the "2010 Plan"). No further grants may be made under the 2010 Plan. The number in column (a) includes 2,588,485 shares subject to outstanding unvested restricted stock unit grants, vested restricted stock grants that have not been paid and vested restricted stock units grants that have not yet been paid, and 2,370,301 shares subject to outstanding unvested Performance Share awards. The number of shares subject to outstanding unvested Performance Share awards represents the 2020 PSU awards at 143.1% of target

(which shares were paid out on February 28, 2023 at the end of the service-based vesting period), the 2021 PSU awards at 91.1% of target, and the maximum number of Performance Shares issued upon vesting of the 2022 PSU awards. The actual number of Performance Shares issued for the 2022 PSU awards could be zero to 200% of the target number of Performance Shares underlying the unvested awards. Assuming the target number of Performance Shares are issued in connection with the 2022 PSU awards, the number of shares subject to unvested Performance Share awards would be 1,887,574 and 16,801,317 shares would remain available for future issuance under the 2020 Plan.

- (2) The TEGNA Deferred Compensation Plan, or DCP, is a non-qualified plan that provides benefits to directors and key executives of the Company. The DCP has not been approved by the Company's shareholders. The DCP is a value-neutral plan, and there will be no additional premium or matching contribution with regards to the deferred compensation. The amounts elected to be deferred by each participant are credited to such participant's account in the DCP, and the Company credits these accounts with earnings as if the amounts deferred were invested in the Company's stock or other selected investment funds as directed by the participant. Amounts that are not treated as if invested in the Company's stock are distributed in cash and amounts that are treated as if invested in the Company's stock are generally distributed in shares of stock or cash, at the Company's election. However, deferrals by directors of restricted stock or restricted stock unit grants are required to be distributed in stock under the terms of the DCP. The number in column (a) represents the number of shares credited to participants' accounts in the DCP. The DCP does not currently include any shares to be issued upon the exercise of outstanding stock options, warrants and rights as a result of deferrals of grants made under the 2020 Plan. The table above does not include any shares that may in the future be credited to participants' accounts in the DCP as a result of salary deferrals or transfers of other funds held in the plan. Participants in the DCP are general unsecured creditors of the Company with respect to their benefits under the plan.

Securities Beneficially Owned by Directors, Executive Officers and Principal Shareholders

The information presented below regarding beneficial ownership of common stock has been presented in accordance with SEC rules and is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership of common stock includes any shares as to which a person, directly or indirectly, has or shares voting power or investment power and any shares as to which a person has the right to acquire such voting or investment power within 60 days through the exercise of any SO or other right.

The following table presents, as of April 21, 2023, information based on the Company's records and filings with the SEC regarding beneficial ownership of each person who is known to be the beneficial owner of more than five percent of the

13. Certain Relationships and Related Transactions and Director Independence**Related Transactions; Compensation Committee Interlocks and Insider Participation**

Our Company has not had compensation committee interlocks with any other company, nor has our Company engaged in any material related transactions since January 1, 2022, the first day of our last fiscal year. Although no such related transactions have occurred or are anticipated, the Board has adopted a related person transaction policy that outlines the procedures that the Board will follow in connection with reviewing any future transactions involving the Company and related persons. The policy takes into account the categories of transactions that the Board has determined are not material in making determinations regarding independence and requires directors and executive officers to notify the Company’s general counsel of any potential related person transactions.

Director Independence

The Board periodically assesses the independence of its nonemployee members as defined in the listing standards of NYSE and applicable laws. The Board undertook an analysis for each non-employee director and considered all relevant facts and circumstances, including the director’s other commercial, accounting, legal, banking, consulting, charitable and familial relationships. The Board determined that with respect to each of its current members other than David T. Lougee, who is our Chief Executive Officer, there are no disqualifying factors with respect to director independence enumerated in the listing standards of NYSE or any relationships that would interfere with the exercise of independent judgment in carrying

out the responsibilities of a director, and that each such member is an “independent director” as defined in the listing standards of NYSE and applicable laws.

14. Principal Accountant Fees and Services

During fiscal years 2021 and 2022, the Company’s independent registered public accounting firm, PricewaterhouseCoopers LLP (“PwC”), billed the Company the following fees and expenses:

	2021	2022
Audit Fees (1)	\$ 2,247,242	\$ 2,543,463
Audit-Related Fees (2)	\$ 645,000	\$ 305,000
Tax Fees (3)	\$ 131,268	\$ 132,468
All Other Fees (4)	\$ 900	\$ 900
Total	\$ 3,024,410	\$ 2,981,831

- (1) *Audit Fees* include professional services rendered in connection with the annual integrated audit of the Company’s consolidated financial statements, internal control over financial reporting, and the review of quarterly reports on Form 10-Q. In 2022, Audit Fees also include payment to PwC of \$59,000 related to Proxy work. All of these fees were pre-approved by the Audit Committee as described below.
- (2) *Audit-Related Fees* include professional services rendered in connection with the audit of employee benefit plans, due diligence relating to Premion, and merger related technical accounting support. In 2021, the Company paid audit-related fees of \$185,000 for review of the Company’s employee benefit plans and \$460,000 in connection with due diligence relating to Premion. In 2022, the Company paid audit related fees of \$185,000 for review of the Company’s employee benefit plans and \$120,000 related to merger related technical accounting support. These services were pre-approved by the Audit Committee as described below.
- (3) *Tax Fees* principally relate to tax planning services and advice in the U.S. All of these services were pre-approved by the Audit Committee as described below.
- (4) *All Other Fees* relate to the Company’s use of PwC’s disclosure checklist tool.

The Audit Committee has adopted a policy for the pre-approval of services provided by the Company’s independent registered public accounting firm. Under that policy, particular services or categories of services have been pre-approved, subject to a specific budget. Periodically, but at least annually, the Audit Committee reviews and approves the list of pre-approved services and the maximum threshold cost of performance of each. The Audit Committee is provided with a status update on all services performed by the Company’s independent registered accounting firm periodically throughout the year and discusses such services with management and the independent registered accounting firm. Pursuant to its pre-approval policy, the Audit Committee has delegated pre-approval authority for services provided by the Company’s independent registered accounting firm to its Chair, Bruce P. Nolop. Mr. Nolop may pre-approve up to \$100,000 in services provided by the independent registered accounting firm, in the aggregate at any one time, without consultation with the full Audit Committee, provided that he reports such approved items to the Audit Committee at its next scheduled meeting. In determining whether a service may be provided pursuant to the pre-approval policy, the primary consideration is whether the proposed service would impair the independence of the independent registered public accounting firm.

In connection with its review of the Company’s 2022 audited financial statements, the Audit Committee received from PwC written disclosures and a letter regarding PwC’s independence in accordance with applicable requirements of the Public Company Accounting Oversight Board (PCAOB), including a detailed statement of any relationships between PwC and the Company that might bear on PwC’s independence, and has discussed with PwC its independence. The Audit Committee considered whether the provision of non-audit services by PwC is compatible with maintaining PwC’s independence. PwC stated that it believes it is in full compliance with all of the independence standards established by the various regulatory bodies. The Audit Committee also discussed with PwC various matters required to be discussed by the applicable requirements of the PCAOB and the SEC.

The Audit Committee met with management, the Company’s internal auditors and representatives of PwC to review and discuss the Company’s audited financial statements for the fiscal year ended December 31, 2022. Based on such review and discussion as well as the Committee’s reviews and discussions with PwC regarding the various matters mentioned in the preceding paragraph, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Form 10-K for the 2022 fiscal year. The Board has approved that recommendation.
