

Prospectus Supplement  
June 13, 2005  
(To Prospectus dated April 10, 2002)

**\$500,000,000**

## **4.125% Notes Due 2008**

---

Our 4.125 % notes due 2008 will mature on June 15, 2008. We will pay interest on the notes on June 15 and December 15 of each year, beginning December 15, 2005. The notes may not be redeemed prior to maturity.

The notes will be unsecured and will rank equally with all of our other unsecured and unsubordinated debt and other obligations from time to time outstanding.

---

The underwriter proposes to offer the notes from time to time for sale in negotiated transactions, or otherwise, at varying prices to be determined at the time of each sale. The underwriter has agreed to purchase the notes from us at 99.635% of their principal amount (\$498,175,000 of proceeds to us), subject to the terms and conditions in the underwriting agreement between the underwriter and us.

---

**Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.**

The notes will be ready for delivery in book-entry form only through The Depository Trust Company on or about June 16, 2005.

## FORWARD-LOOKING INFORMATION

Certain statements made in this prospectus supplement and the accompanying prospectus (including documents incorporated by reference) may constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The words “expect,” “intend,” “believe,” “anticipate,” “likely,” “will” and similar expressions generally identify forward-looking statements. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results and events to differ materially from those anticipated in the forward-looking statements and, accordingly, readers are encouraged not to place undue reliance on such statements. Potential risks and uncertainties that could adversely affect our ability to obtain these results include, without limitation, the following factors: increased consolidation among major retailers or other events which may adversely affect business operations of major customers and depress the level of local and national advertising; an economic downturn in some or all of our principal newspaper or television markets leading to decreased circulation or local, national or classified advertising; a continued decline in general newspaper circulation patterns as a result of competitive alternative media or other factors; an increase in newsprint or syndication programming costs over the levels anticipated; labor disputes which may cause revenue declines or increased labor costs; acquisitions of new businesses or dispositions of existing businesses; a decline in viewership of major networks and local news programming; rapid technological changes and frequent new product introductions prevalent in electronic publishing; an increase in interest rates; a weakening in the Sterling to U.S. dollar exchange rate; and general economic, political and business conditions. We undertake no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise.

### GANNETT CO., INC.

We are an international news and information company. We publish newspapers and operate television stations and are engaged in marketing, commercial printing, a newswire service, data services and news programming.

Our newspapers make up the largest newspaper group in the United States in daily circulation. We own 101 U.S. daily newspapers, including USA TODAY, the nation’s largest-selling daily newspaper. We also own USA WEEKEND, a weekly newspaper magazine, and more than 800 non-daily publications.

Newsquest plc, a wholly owned Gannett subsidiary, is the second largest regional newspaper publisher in the United Kingdom with a portfolio of over 300 titles. Its publications include 17 daily newspapers. Newsquest also publishes a variety of non-daily publications, including Berrow’s Worcester Journal, the oldest continuously published newspaper in the world.

Our broadcasting division includes 21 television stations. We are also an Internet leader with web sites operated by most of our TV stations and newspapers, including USATODAY.com, one of the most popular news sites on the Web.

Our principal executive offices are located at 7950 Jones Branch Drive, McLean, Virginia 22107; telephone (703) 854-6000.

**USE OF PROCEEDS**

We estimate the net proceeds to us from the offering to be approximately \$497,775,000, after deducting offering expenses. We intend to use the net proceeds from the offering to repay a portion of our outstanding commercial paper as it matures. Our commercial paper approximated \$2.83 billion at March 27, 2005, with a weighted average interest rate of approximately 2.69% and an average maturity of approximately 24 days.

**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth the historical ratio of our earnings to our fixed charges for the periods indicated.

	<b>Three Months Ended March 27, 2005</b>	<b>As of Fiscal Year End</b>				
		<b>2004</b>	<b>2003</b>	<b>2002</b>	<b>2001</b>	<b>2000</b>
Ratio of earnings to fixed charges <sup>(1)</sup>	9.2x	13.3x	12.6x	11.7x	6.7x	7.6x

(1) For the purpose of computing the ratio of earnings to fixed charges, earnings consist of income from continuing operations before income taxes, minority interests in consolidated subsidiaries and income or loss from Gannett's equity investments, plus fixed charges. Fixed charges consist of interest (including capitalized interest) on all indebtedness, amortization of debt discount and expense and that portion of rental expense that Gannett believes to be a reasonable estimate of the interest factor.

## DESCRIPTION OF THE NOTES

### General

We will issue the 4.125% notes due June 15, 2008 under an indenture dated as of March 1, 1983 between us and Citibank, N.A., as trustee, as amended. We refer to the indenture and its amendments together as the indenture. The indenture is subject to, and governed by, the Trust Indenture Act of 1939. The terms of the notes will include those provisions contained in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939. The indenture provides that we will appoint a trustee under the indenture with respect to each new series of securities issued under the indenture. The appointed trustee will serve with respect to only that series, unless we specifically appoint them to serve as trustee with respect to any preceding or succeeding series of securities. We have appointed Wells Fargo Bank, National Association to serve as trustee with respect to the notes. Wells Fargo Bank, National Association serves as a lender under our revolving credit facilities. The following statements are subject to the detailed provisions of the indenture, a copy of which is filed or incorporated by reference as an exhibit to the registration statement on Form S-3 of which this prospectus supplement and the accompanying prospectus are a part.

The notes will be unsecured and rank equally with all of our other unsecured and unsubordinated debt and other obligations from time to time outstanding. The notes will be structurally subordinated to all indebtedness and other liabilities, including trade payables, of our subsidiaries. The notes will be initially issued in an aggregate principal amount of \$500,000,000. We may, without the consent of the holders of the notes, create and issue additional notes ranking equally with the notes and otherwise similar in all respects except for the issue date and the issue price. Such further notes shall be consolidated and form a single series with the series of notes offered by this prospectus supplement and the accompanying prospectus.

The notes will mature on June 15, 2008.

Interest on the notes will accrue at the rate of 4.125% per year, and will be payable semi-annually on June 15 and December 15 (including the maturity date) of each year, commencing December 15, 2005. We will make each interest payment to the holders of record of the notes on the immediately preceding June 1 and December 1. Interest on the notes will accrue from June 16, 2005.

Interest on the notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

All payments on the notes will be made, and transfers of the notes will be registrable, at the trustee's office in New York, unless we designate another place for such purpose.

The notes may not be redeemed prior to maturity. There will be no sinking fund for the notes.

The provisions of the indenture do not afford holders of the notes protection in the event of a change in control, highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving us that may adversely affect holders of the notes.

### Book-Entry, Delivery and Form

The notes will be issued in the form of one or more global securities that will be deposited with The Depository Trust Company ("DTC" or the "depository") or its nominee and registered in the name of DTC or its nominee, Cede & Co. Investors may elect to hold interests in the notes through DTC, if they are participants in this system, or indirectly through organizations that are participants in this system.

Upon the issuance of a global security, the depository for such global security will credit the respective principal amounts of the notes represented by such global security to the accounts of institutions that have accounts with the depository or its nominee. Ownership of beneficial interests in such global securities will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests

## [Table of Contents](#)

by participants in such global securities will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by the depositary or its nominee for such global security. Ownership of beneficial interests in global securities by persons that hold through participants will be shown on, and the transfer of that ownership interest within such participant will be effected only through, records maintained by such participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of such global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global security for all purposes under the indenture governing such notes. Owners of beneficial interests in such global securities will not be entitled to have notes represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of notes in definitive form and will not be considered the owners or holders thereof under the indenture.

Payment of principal of and any interest on the notes registered in the name of or held by a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner or holder of the global security. None of us, the trustee, or any paying agent for such notes will have any responsibility or liability for any aspect of the records relating to or payment made on account of beneficial ownership interests in a global security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary, upon receipt of any payment of any principal or interest in respect of the global security, will credit immediately participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security as shown on the records of such depositary. We also expect that payments by participants to those who hold beneficial interests through participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name," and will be the responsibility of such participants.

A global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. If the depositary is at any time unwilling or unable to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue notes in definitive registered form in exchange for the global security representing such notes. In addition, we may at any time and in our sole discretion determine not to have any notes represented by one or more global securities and, in such event, will issue notes in definitive form in exchange for all of the global securities representing such notes. Notes issued in definitive form will be issued as registered securities in denominations, unless otherwise specified by us, of \$1,000 and integral multiples of \$1,000.

### **The Depositary**

The depositary has advised us and the underwriter that the depositary is a limited purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. The depositary holds securities for its participants. The depositary also eliminates the need for physical movement of securities certificates by facilitating the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in the direct participants' accounts. Direct participants include securities brokers and dealers, including the underwriter, banks, trust companies, clearing corporations, and certain other organizations. The depositary is owned by a number of its direct participants and by The New York

---

[Table of Contents](#)

Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the depositary's book-entry system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to the depositary and its direct and indirect participants are on file with the Securities and Exchange Commission.

## U.S. FEDERAL INCOME TAXATION

The following summary describes the principal U.S. federal income (and, in the case of non-U.S. holders, federal estate) tax consequences of the purchase, ownership and sale or other taxable disposition of notes by a holder of notes that purchases the notes in their initial offering at their issue price. This summary is based upon the current provisions of the Internal Revenue Code of 1986, as amended (the “Code”), applicable Treasury Regulations, judicial authority, and administrative rulings and practice. We cannot assure you that the Internal Revenue Service (“IRS”) will not take a contrary view, and no ruling from the IRS has been or will be sought. Legislative, judicial, or administrative changes or interpretations may be forthcoming that could alter or modify the statements and conclusions set forth herein. Any such changes or interpretations may or may not be retroactive and could affect the tax consequences to holders of notes.

The following discussion does not address all aspects of U.S. federal income taxation that may be relevant to holders subject to special rules under the U.S. federal income tax laws, such as individual retirement and other tax-deferred accounts, real estate investment trusts, regulated investment companies, insurance companies, tax exempt organizations, dealers in securities or currencies, financial institutions, persons holding notes as part of a hedging, straddle, or conversion transaction, persons liable for the alternative minimum tax, traders in securities that have elected the mark-to-market method, controlled foreign corporations, passive foreign investment companies, persons who hold notes through partnerships or other pass-through entities, U.S. expatriates or persons whose functional currency is not the U.S. dollar. This discussion deals only with notes held as capital assets and purchased by the holder for cash at the initial issue price as part of the initial offering of the notes. This discussion does not address the tax consequences arising under the laws of any foreign, state or local jurisdiction. As used herein, a “U.S. holder” of a note means a holder that is for U.S. federal income tax purposes:

- an individual citizen or resident of the United States,
- a corporation, or other entity taxable as a corporation created or organized in or under the laws of the United States or any state thereof or the District of Columbia,
- an estate the income of which is subject to U.S. federal income tax regardless of its source, or
- a trust if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons (as defined in the Code) have authority to control all of its substantial decisions, or if the trust has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

A “non-U.S. holder” is a holder other than a U.S. holder.

If a partnership holds the notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner in a partnership holding the notes, you should consult your tax advisor.

Prospective purchasers of the notes should consult their own tax advisors as to the particular tax consequences of acquiring, holding, and disposing of the notes in light of their particular situations, including the applicability and effect of any federal, state, local, or foreign tax laws, and the prospects for, and the potential impact of, any changes in the applicable tax laws.

### U.S. Holders

*Stated Interest.* U.S. holders will be required to recognize as ordinary income any interest paid or accrued on the notes in accordance with their regular method of accounting.

*Sale or Exchange of Notes.* If a note is sold or exchanged (including by reason of redemption or retirement), the disposing U.S. holder will recognize gain or loss in an amount equal to the difference between the amount realized on the sale or exchange (less any accrued interest, which will be taxable as ordinary income) and the

## [Table of Contents](#)

U.S. holder's tax basis in the note. A U.S. holder's initial tax basis in a note will generally be equal to such holder's cost of the note. At any time, a U.S. holder's tax basis in a note will generally be equal to his initial tax basis, minus any principal payments received by such holder.

Any gain or loss on the sale or exchange of a note will be capital gain or loss. Any capital gain or loss recognized on the sale or exchange of a note will be long-term capital gain or loss if the note was held for more than one year as of the time of its disposition. Under current law, net capital gains of certain non-corporate taxpayers are, under certain circumstances, taxed at lower rates than items of ordinary income. The deductibility of capital losses is subject to limitations.

### **Non-U.S. Holders**

Notwithstanding the foregoing discussion, a non-U.S. holder will, subject to the discussion of backup withholding below, generally not be subject to U.S. federal withholding taxes on payments of principal and interest on any notes provided that:

- the non-U.S. holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of voting stock of Gannett,
- the non-U.S. holder is not a controlled foreign corporation related to Gannett through stock ownership,
- the beneficial owner is not a bank whose receipt of interest on a note is pursuant to a loan agreement entered into in the ordinary course of business, and
- Gannett or its agent receives certification, under penalties of perjury, either from the beneficial owner of the note certifying that the beneficial owner is not a United States person and the owner's name and address, and U.S. taxpayer identification number, if any, are provided on IRS Form W-8BEN (or successor form), or in the case of a note held by a securities clearing organization, a bank, or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the note on behalf of the beneficial owner, from the securities clearing organization, bank or other financial institution (as applicable), in each case certifying, under penalties of perjury, to Gannett or its paying agent, as the case may be, that it has received an IRS Form W-8BEN (or successor form) from the beneficial holder and a copy of such certification is furnished to the paying agent.

Special certification rules apply for notes held by a foreign partnership and other intermediaries.

Payments to non-U.S. holders not meeting the requirements of the prior paragraph and thus subject to U.S. federal withholding tax may nevertheless be exempt from such withholding if the beneficial owner of the note provides Gannett with a properly executed IRS Form W-8BEN claiming an exemption from withholding under the benefit of a tax treaty or a properly executed IRS Form W-8ECI stating that interest paid on the note is not subject to withholding tax because it is effectively connected with the owner's conduct of a trade or business in the United States.

If a non-U.S. holder is engaged in a trade or business in the United States (and, if an applicable income tax treaty requires, is attributable to a U.S. permanent establishment (or in the case of an individual, a fixed base) maintained by the non-U.S. holder in the U.S.) and interest on the note is effectively connected with the conduct of such trade or business, the non-U.S. holder may be subject to U.S. federal income tax on such interest in the same manner as if such holder were a U.S. holder. In addition, if such holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (or lower rate as may be prescribed under an applicable U.S. income tax treaty) of its effectively connected earnings and profits for the taxable year, subject to adjustments. For purposes of the branch profits tax, interest on a note will be included in such foreign corporation's earnings and profits.

Any gain realized by a non-U.S. holder upon the sale or disposition of a note will not be subject to U.S. federal income tax if such gain or income is not effectively connected with a trade or business in the United States of such holder and in the case of an individual holder, the holder is not present in the United States for a period or periods aggregating 183 days in the taxable year of the sale or disposition.

## [Table of Contents](#)

An individual holder of a note who is not a citizen or resident of the United States at the time of his or her death will not be subject to U.S. federal estate tax with respect to the note as a result of such individual's death if the holder does not own, actually or constructively, on the date of death 10% or more of the total combined voting power of all classes of the voting stock of Gannett, and any interest received on the note, if received by the holder at the time of his or her death, would not be effectively connected with the conduct of a trade or business in the United States.

### **Backup Withholding and Information Reporting**

Certain noncorporate holders of notes may be subject to information reporting requirements with respect to payments made on a note. Information reporting will generally apply to payments of interest on the notes to non-U.S. holders and the amount of tax, if any, withheld with respect to such payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty. Backup withholding tax, currently at a rate of 28%, will apply to such payments if the holder is a U.S. person and fails to furnish his Taxpayer Identification Number ("TIN") which, in the case of an individual, is his Social Security number, furnishes an incorrect TIN, is notified by the IRS that he has failed to properly report payments of interest or dividends, or under certain circumstances, fails to certify, under penalty of perjury, that he furnished a correct TIN and has not been notified by the IRS that he is subject to backup withholding tax and information reporting requirements. The amounts withheld under the backup withholding rules are not an additional tax and may be refunded, or credited against the holder's U.S. federal income tax liability provided that the required information is furnished to the IRS.

Under current Treasury Regulations, backup withholding will not apply to payments on notes to a non-U.S. holder on notes that Gannett or any paying agent make, provided that Gannett has received valid certifications meeting the requirements of the Code and neither Gannett nor the paying agent has actual knowledge or reason to know that the holder is a U.S. person for purposes of the backup withholding tax requirements. Failure to provide valid certifications in accordance with the requirements of the Code and the applicable Treasury Regulations could subject the non-U.S. holder to backup withholding even if the holder is otherwise entitled to an exemption from backup withholding.

If provided by a beneficial owner, the certification must give the name and address of such owner, state that the owner is not a U.S. person, or, in the case of an individual, that such person is neither a citizen or resident of the United States, and must be signed by the owner under penalties of perjury. If provided by a financial institution, other than a financial institution that is a qualified intermediary, the certification must state that the financial institution has received from the beneficial owner the certificate set forth in the preceding sentence, set forth the information contained in the certificate (and include a copy of such certificate), and be signed by an authorized representative of the financial institution under penalties of perjury. Generally, the furnishing of the names of the non-U.S. holders and a copy of the non-U.S. holders' certificates by a financial institution will not be required where the financial institution is a qualified intermediary which has entered into a withholding agreement with the IRS pursuant to the Treasury Regulations.

In addition, if the foreign office of a foreign broker pays the proceeds of the sale of a note to the seller of the note, backup withholding and information reporting will generally not apply. However, if such broker is for U.S. federal income tax purposes:

- a U.S. person,
- a foreign person that derives 50% or more of its gross income for certain periods from the conduct of a trade or business in the United States,
- a controlled foreign corporation, or
- a foreign partnership one or more of the partners of which, at any time during its tax year, is a U.S. person who, in the aggregate, holds more than 50% of the income or capital interest in the partnership, or which, at any time during its tax year, is engaged in the conduct of a trade or business in the United States,

---

[Table of Contents](#)

then information reporting will be required unless the broker has in its records documentary evidence that the beneficial owner is not a U.S. person and certain other conditions are met, or the beneficial owner otherwise establishes an exemption.

Moreover, the payment by the foreign office of other brokers of the proceeds of the sale of the notes (including any accrued but unpaid interest) will not be subject to backup withholding, unless the payor has actual knowledge or reason to know that the payee is a U.S. person.

Principal and interest so paid by the U.S. office of a custodian, nominee or agent, or the payment of the proceeds of a sale of a note by the U.S. office of a broker is subject to the backup withholding and information reporting unless the beneficial owner certifies its non-U.S. status under penalties of perjury, as described above (and the broker does not have actual knowledge or reason to know that the payee is a U.S. person), or otherwise establishes an exemption.

## UNDERWRITING

Barclays Capital Inc. is the underwriter in this offering. Subject to the terms and conditions in the underwriting agreement dated the date of this prospectus supplement, which incorporates by reference the Gannett Co., Inc. Underwriting Agreement Standard Provisions (Debt and/or Warrants) dated December 1, 1986, Barclays Capital Inc. has agreed to purchase from us, and we have agreed to sell to Barclays Capital Inc., \$500,000,000 principal amount of the notes.

The underwriting agreement provides that the obligations of the underwriter to purchase the notes are subject to approval of legal matters by counsel and to other conditions. The underwriter is obligated to purchase all the notes offered if it purchases any of the notes offered.

The underwriter proposes to offer the notes from time to time for sale in negotiated transactions, or otherwise, at varying prices to be determined at the time of each sale. In connection with the sale of the notes, the underwriter may be deemed to have received compensation from us in the form of underwriting discounts.

There is presently no established trading market for the notes, and we do not intend to apply to list the notes on a national securities exchange or have them quoted on an automated quotation system. The underwriter has advised us that it intends to make a market in the notes but it is not obligated to do so and may discontinue market-making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with this offering, the underwriter may purchase and sell notes in the open market. These transactions may include over-allotment, stabilizing transactions and covering transactions in accordance with Regulation M under the Securities Exchange Act of 1934, as amended. Over-allotment involves sales of the notes in excess of the principal amount of such notes to be purchased by the underwriter in the offering, which creates a short position for the underwriter. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of such notes while the offering is in progress. Covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and covering transactions may cause the price of the notes to be higher than would otherwise be the case in the absence of those transactions. These transactions may be effected in the over-the-counter market or otherwise. If the underwriter engages in stabilizing or covering transactions, it may discontinue them at any time. Neither we nor the underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor the underwriter make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

We estimate that our total expenses for this offering will be approximately \$400,000.

In the ordinary course of their respective businesses, the underwriter and its affiliates have engaged, and may in the future engage, in commercial banking and/or investment banking transactions with us and/or perform financial advisory services for us for which they received, or will receive, customary fees and expenses.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriter may be required to make because of any of these liabilities.

The underwriter may make the notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology

## Table of Contents

provider. Market Axess Inc. is providing the system as a conduit for communications between the underwriter and its customers and is not a party to this offering. Market Axess Inc., a registered broker-dealer, will receive compensation from the underwriter based on transactions conducted through the system. The underwriter will make the notes available to customers through Internet distributions, whether made through a proprietary or third party system, on the same terms as distributions made through other channels.

### **LEGAL MATTERS**

Certain legal matters will be passed on for Gannett by Thomas L. Chapple, Esq., Senior Vice President, Chief Administrative Officer and General Counsel of Gannett, Nixon Peabody LLP, Washington, D.C. and Hogan & Hartson L.L.P., and for the underwriter by Simpson Thacher & Bartlett LLP, New York, New York. As of June 13, 2005, Mr. Chapple beneficially owned 230,558 shares of Gannett common stock, including 222,900 shares which Mr. Chapple has the right to acquire within 60 days of the date of this prospectus supplement upon the exercise of stock options.

### **EXPERTS**

The consolidated financial statements and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control Over Financial Reporting) are incorporated in this prospectus supplement and the accompanying prospectus by reference to the Annual Report on Form 10-K for the year ended December 26, 2004 and have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

### **WHERE YOU CAN FIND MORE INFORMATION**

We have filed with the SEC a registration statement under the Securities Act of 1933 that registers the distribution of the notes. The registration statement, including the attached exhibits and schedules, contains additional relevant information about us and our securities. The rules and regulations of the SEC allow us to omit certain information included in the registration statement from this prospectus supplement.

In addition, we file reports, proxy statements and other information with the SEC under the Securities Exchange Act of 1934. You may read and copy this information, or obtain copies of this information by mail, at prescribed rates, from the SEC's Public Reference Room at the following location:

U.S. Securities and Exchange Commission  
100 F Street, N.E.  
Room 1580  
Washington, D.C. 20549

You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330.

The SEC also maintains a website at <http://www.sec.gov> that contains reports, proxy statements and other information about issuers, like us, who file electronically with the SEC.

You can also inspect reports, proxy statements and other information about us at the offices of The New York Stock Exchange, 20 Broad Street, New York, New York.

## ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, utilizing a “shelf” registration process. Under this shelf process, we may, from time to time, sell debt securities or warrants to buy debt securities described in this prospectus in one or more offerings up to a total dollar amount of \$2,500,000,000 or the equivalent of this amount in foreign currencies or foreign currency units.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the heading “Where You Can Find More Information” beginning on page ii of this prospectus.

**You should rely only on the information provided in this prospectus and in any prospectus supplement, including the information incorporated by reference. We have not authorized anyone to provide you with different information. We are not offering the securities in any state where the offer is not permitted. You should not assume that the information in this prospectus, or any supplement to this prospectus, is accurate at any date other than the date indicated on the cover page of these documents.**

## WHERE YOU CAN FIND MORE INFORMATION

We have filed with the SEC a registration statement under the Securities Act that registers the distribution of the debt securities and warrants to purchase debt securities. The registration statement, including the attached exhibits and schedules, contains additional relevant information about us and our securities. The rules and regulations of the SEC allow us to omit certain information included in the registration statement from this prospectus.

In addition, we file reports, proxy statements and other information with the SEC under the Exchange Act. You may read and copy this information at the following location of the SEC.

### **FORWARD-LOOKING INFORMATION**

Certain statements made in this prospectus and in our other documents filed with the SEC contain forward-looking information. The words "expect", "intend", "believe", "anticipate", "likely", "will" and similar expressions generally identify forward-looking statements. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results and events to differ materially from those anticipated in the forward-looking statements and, accordingly, readers are encouraged not to place undue reliance on such statements.

Potential risks and uncertainties which could adversely affect our ability to obtain these results include, without limitation, the following factors: increased consolidation among major retailers or other events which may adversely affect business operations of major customers and depress the level of local and national advertising; a continued economic downturn in some or all of our principal newspaper or television markets leading to decreased circulation or local, national or classified advertising; a decline in general newspaper readership patterns as a result of competitive alternative media or other factors; an increase in newsprint or syndication programming costs over the levels anticipated; labor disputes which may cause revenue declines or increased labor costs; acquisitions of new businesses or dispositions of existing businesses; a decline in viewership of major networks and local news programming; rapid technological changes and frequent new product introductions prevalent in electronic publishing; an increase in interest rates; a weakening in the Sterling to U.S. dollar exchange rate; and general economic, political and business conditions.

**GANNETT CO., INC.**

We are an international news and information company. We publish newspapers and operate television stations and are engaged in marketing, commercial printing, a newswire service, data services and news programming.

Our newspapers make up the largest newspaper group in the United States in daily circulation. We own 95 U.S. daily newspapers, including USA TODAY, the nation's largest-selling daily newspaper. We also own USA WEEKEND, a weekly newspaper magazine, and more than 300 non-daily publications.

Newsquest plc, a wholly owned Gannett subsidiary, is one of the largest regional newspaper publishers in the United Kingdom with a portfolio of over 300 titles. Its publications include 15 daily newspapers. Newsquest also publishes a variety of non-daily publications, including Berrow's Worcester Journal, the oldest continuously published newspaper in the world.

Our broadcasting division includes 22 television stations. We are also an Internet leader with web sites operated by most of our TV stations and newspapers, including USATODAY.com.

Our principal executive offices are located at 7950 Jones Branch Drive, McLean, Virginia 22107; telephone (703) 854-6000.

## USE OF PROCEEDS

Except as otherwise may be set forth in the prospectus supplement accompanying this prospectus, we expect to add substantially all of the net proceeds from the sale of the securities to our general funds. These funds will be used for general corporate purposes, including capital expenditures, working capital, securities repurchase programs, repayment of long term and short term debt and the financing of future acquisitions. We may also invest funds which are not required immediately in short term marketable securities.

## DESCRIPTION OF DEBT SECURITIES

The debt securities which we are offering pursuant to this prospectus will be issued under an Indenture dated as of March 1, 1983 between us and Citibank, N.A., as trustee, as amended. We refer to these documents together as the indenture. The indenture provides that we will appoint a trustee under the Indenture with respect to each new series of securities thereunder. The appointed trustee will serve with respect to only that series, unless we specifically appoint them to serve as trustee with respect to any preceding or succeeding series of securities. The following statements are subject to the detailed provisions of the indenture, a copy of which is filed or incorporated by reference as an exhibit to the registration statement on Form S-3 of which this prospectus is a part. Wherever references are made to particular provisions of the indenture, such provisions are incorporated by reference as part of the statements made and such statements are qualified in their entirety by such reference.

### General

The indenture does not limit the amount of debt securities which may be issued thereunder. You are urged to read the prospectus supplement relating to a particular series of debt securities being offered which will include the following terms of the debt securities offered under such prospectus supplement:

- the designation of such debt securities;
- the aggregate principal amount of such debt securities;
- the percentage of their principal amount at which such debt securities will be issued;
- the currency or currencies for which such debt securities may be purchased and the currency or currencies in which principal of and any interest on debt securities may be payable;
- if the currency for which such debt securities may be purchased or in which principal of and any interest may be payable is at the purchaser's election, the manner in which such an election may be made;
- the date or dates on which such debt securities will mature;
- the rate or rates, if any, per annum at which such debt securities will bear interest, or the method of determination of such rate or rates (the debt securities may bear interest either at a fixed rate or at a variable rate determined by reference to indices that may include a commercial paper rate, CD rate, federal funds rate, treasury rate or such other interest rate formula as may be indicated in a prospectus supplement relating to such debt securities);
- the times at which such interest, if any, will be payable;
- provisions for a sinking, purchase or other analogous fund, if any; and
- the date or dates, if any, after which such debt securities may be redeemed at our option or at the option of the holder and the redemption price or prices.

Principal, premium, if any, and interest, if any, on the debt securities will be payable and the debt securities will be transferable, at the office or agency of the trustee in New York, N.Y., provided that payment of interest, if any, may be made, at our option, by check mailed to the address of the person entitled thereto as it appears in the security register.

## [Table of Contents](#)

The indenture provides that there may be more than one trustee, each with respect to one or more different series of debt securities. If at any time there are two or more trustees, each with respect to different series of debt securities, the term debt securities shall refer to the one or more series with respect to which each respective trustee is acting.

The debt securities will be unsecured and will rank pari passu with all other unsecured and unsubordinated indebtedness.

The indenture currently provides that debt securities may be issued in fully registered form without coupons and, unless otherwise specified in the prospectus supplement, in denominations of \$1,000 and multiples of \$1,000. If debt securities are issued in bearer form, we will enter into a supplemental indenture with the trustee to modify the form of debt security, payment procedures and other related matters, as appropriate. The prospectus supplement will indicate whether the debt securities will be in registered or bearer form, the denominations to be issued, the procedures for payment of interest and principal thereon, and other matters. No service charge will be made for any transfer or exchange of the debt securities, but either we or the trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

### **Global Securities**

We may also issue debt securities of a series in whole or in part, in the form of one or more global securities that will be deposited with, or on behalf of, the depository identified in the prospectus supplement relating to such series for purposes of book entry registration and transfer. Unless and until it is exchanged in whole or in part for debt securities in definitive form, a global security may not be transferred except as a whole by or to the depository for such global security or its successor, or any nominee of such depository or successor depository.

The specific terms of the depository arrangement with respect to any series of debt securities and the rights of and limitations on owners of beneficial interests in global securities representing debt securities will be described in the prospectus supplement relating to such debt securities.

### **Certain Covenants of Gannett**

*Limitations of Liens.* We will covenant that, so long as any of the debt securities issued under the indenture remain outstanding, we will not, nor will we permit any of our restricted subsidiaries, to issue, assume or guarantee any indebtedness for money borrowed secured by any mortgage, security interest, pledge, lien or other encumbrance on any of our assets or on any asset of our restricted subsidiaries, unless the outstanding securities are secured by such mortgage equally and ratably with such indebtedness. The term "restricted subsidiary" refers to any subsidiary as of December 26, 1982, which at such date was primarily engaged in the business of newspaper publishing.

Notwithstanding the above, this restriction, shall not apply to:

- mortgages on property existing at the time that it is acquired;
- mortgages on property of a corporation existing at the time such corporation is merged into or consolidated with us or one of our restricted subsidiaries, or at the time of a sale, lease or other disposition of the properties of a corporation or firm as an entirety or substantially as an entirety to us or one of our restricted subsidiaries;
- mortgages securing our indebtedness or indebtedness of one of our restricted subsidiaries owing to a restricted subsidiary or to us;
- mortgages on property to secure indebtedness incurred for the purpose of financing all or any part of the price of acquisition, construction or improvement of such property, which indebtedness is incurred pursuant to a commitment obtained prior to or within 12 months after the later of such acquisition, completion of such improvements or construction or the placing in operation of such property;

## Table of Contents

- mortgages in favor of the United States of America or any state thereof, or any political subdivision thereof, or in favor of any other country or any political subdivision thereof, to secure payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such mortgages (including without limitation mortgages incurred in connection with pollution control, industrial revenue or similar financings);
- mortgages existing on January 27, 1986; or
- any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any mortgage referred to in the foregoing clauses.

Notwithstanding the above, we may or any of our restricted subsidiaries may, without securing the outstanding securities, issue, assume or guarantee secured indebtedness which would otherwise be subject to the above restrictions, provided that the aggregate amount of such indebtedness which, together with all attributable debt in respect of sale and leaseback transactions not otherwise permitted by the indenture, would then be outstanding (not including secured indebtedness under the foregoing exceptions) does not exceed 5% of our consolidated shareholders' equity as of the end of the fiscal year preceding the date of such determination. The term "attributable debt" is defined as the present value (discounted as provided in the indenture) of the obligation of a lessee for net rental payments during the remaining term of any lease entered into in connection with a sale and leaseback transaction.

*Limitation on Sale and Leaseback Transactions.* Under the terms of the indenture, we and our restricted subsidiaries are prohibited from entering into any sale and leaseback transactions with any person (other than transactions between us and one of our restricted subsidiaries) of any of our assets or assets of our restricted subsidiaries, except for leases for a term, including renewals, of not more than three years. Notwithstanding the above, we may enter into such transactions if:

- we or the restricted subsidiary involved would be entitled to issue, assume or guarantee indebtedness secured by the asset involved at least equal in amount to the attributable debt in respect of such transaction without equally and ratably securing the outstanding securities;
- within a period commencing twelve months prior to the consummation of such sale and leaseback transaction and ending twelve months after such consummation, we or the restricted subsidiary involved has expended, or will expend, for our asset or assets or for the asset or assets of such restricted subsidiary an amount equal to the proceeds from such sale and leaseback transaction; or
- an amount equal to the greater of the fair value (in the opinion of our Board of Directors) of such asset or such attributable debt is applied to the retirement of our funded non-subordinated indebtedness or that of our restricted subsidiary.

*Restrictions on Consolidation, Merger or Sale.* We will not consolidate with or merge into or dispose of all or substantially all of our property to any corporation unless the surviving corporation (if other than us) shall assume our obligations under the indenture and immediately after giving effect to such transactions, no event of default shall have happened and be continuing.

### **Events of Default, Waiver and Notice**

As to each series of debt securities, an event of default is defined in the indenture as being:

- default for 30 days in payment of any interest on the debt securities of that series;
- default in payment of principal and premium, if any, on the debt securities of that series when due either at maturity, upon redemption including pursuant to any sinking fund, by declaration or otherwise;
- default by us in the performance of any other of the covenants or agreements in the indenture which shall not have been remedied for a period of 60 days after notice;

## Table of Contents

- the due acceleration of indebtedness of at least \$5,000,000 outstanding aggregate principal amount for money borrowed under the terms of the instruments under which such indebtedness is issued or secured, such acceleration not having been remedied, cured or waived; and
- various events involving our bankruptcy, insolvency, or reorganization.

The indenture provides that the trustee may withhold notice to the holders of debt securities of any default (except in payment of principal of or interest or premium on the securities) if the trustee considers it in the interest of holders of debt securities to do so. No periodic evidence concerning compliance with the indenture or absence of defaults is required by the indenture.

The indenture provides that if an event of default due to the default in the payment of principal, interest or premium, if any, on any series of debt securities shall have occurred and be continuing, either the Trustee or the holders of 25% in principal amount of the debt securities of such series affected thereby then outstanding may declare the principal of all such debt securities (or, in the case of discounted debt securities, the amount payable according to the terms of such debt securities) to be due and payable immediately. The indenture also provides that if an event of default resulting from default in the performance of any other of the covenants or agreements in the indenture or from the due acceleration of indebtedness of at least \$5,000,000 outstanding aggregate principal amount shall have occurred and be continuing and in various events of our bankruptcy, insolvency and reorganization, either the trustee or the holders of 25% in principal amount of all series of debt securities then outstanding for which the same entity serves as trustee (treated as one class) may declare the principal of all such debt securities to be due and payable immediately. Notwithstanding the above, upon certain conditions, including payment of past due principal and interest, such declarations may be annulled and past defaults may be waived by the holders of a majority in principal amount of the debt securities of such series then outstanding.

The holders of a majority in principal amount of the debt securities of any and all series affected and then outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture, provided that the holders shall have offered to the trustee reasonable indemnity against expenses and liabilities.

### **Defeasance**

The indenture does not provide specifically for defeasance of any series of debt securities other than during the one year period immediately preceding the maturity of such series. However, we may amend the indenture to provide that, with respect to any series of debt securities to be issued after the date of the amendment, we will be entitled to defease any series of debt securities issued on or after the date thereof upon specified conditions. The defeasance amendment would provide that the indenture will cease to be of further effect with respect to a given series (except as to our obligations to compensate, reimburse and indemnify the trustee pursuant to the indenture with respect to such series), and we will be deemed to have satisfied and discharged the indenture with respect to such series, if:

- we deposit or cause to be deposited with the trustee an amount in cash or the equivalent in securities of the government which issued the currency in which the debt securities are denominated (or government agencies backed by the full faith and credit of such government) sufficient to pay and discharge the principal at maturity of and interest, if any, to the date of maturity on such series; and
- if we have paid or caused to be paid all other sums payable by us under the indenture with respect to such series.

The amendment would provide further that, in the event of any such defeasance, holders of those debt securities would be able to look only to that trust fund for payment of principal and premium, if any, and interest, if any, on the debt securities until maturity. The amendment would also provide that the deposit described above may only be made if the trustee has received an opinion of counsel to the effect that, as a result of the deposit,

## [Table of Contents](#)

registration would not be required under the Investment Company Act of 1940, as amended, by the depositing party, the trust funds representing such deposit or the trustee.

The defeasance may be treated as a taxable exchange of the related debt securities for an issue of obligations of the trust or a direct interest in the cash and securities held in the trust. In that case holders of the debt securities would recognize gain or loss as if the trust obligations or the cash or securities deposited, as the case may be, had actually been received by them in exchange for their debt securities. The holders thereafter might be required to include in income a different amount than would be includible in the absence of defeasance. **Prospective investors are urged to consult their own tax advisors as to the specific consequences of defeasance.**

### **Modification of the Indenture**

The indenture contains provisions permitting us and the trustee, with the consent of the holders of not less than a majority in principal amount of the debt securities of all series affected by such modification at the time outstanding, to modify the Indenture or any supplemental indenture or the rights of the holders of the debt securities; provided, that no such modification shall:

- extend the final maturity of any debt security, or reduce the principal amount thereof (including in the case of an original issue discounted debt security, the amount payable thereon in the event of acceleration or the amount provable in bankruptcy) or any redemption premium thereon, or reduce the rate or extend the time of payment of interest thereon, or impair or affect the right of any holder of debt securities to institute suit for the payment thereof or the right of repayment, if any, at the option of the holder, without the consent of the holder of each debt security so affected, or
- reduce the aforesaid percentage of debt securities the consent of the holders of which is required for any such modification without the consent of the holders of each debt security affected.

The indenture also permits us and the trustee to amend the indenture without the consent of the holders of debt securities in various other circumstances, including if we merge or if the trustee with respect to the debt securities of one or more series is replaced.

### **The Trustee**

We may maintain a bank account and have other normal banking relationships with the trustee in the ordinary course of business.

### **DESCRIPTION OF WARRANTS**

We may issue warrants for the purchase of debt securities. Warrants may be issued independently or together with any debt securities offered by any prospectus supplement and may be attached to or separate from the debt securities. The warrants will be issued under warrant agreements which we will enter into with a bank or trust company, as warrant agent, which will be set forth in the prospectus supplement relating to the particular issue of warrants. The warrant agent will act solely as our agent in connection with the warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holders of warrant certificates or beneficial owners of warrants. A copy of the form of warrant agreement, including the form of warrant certificate representing the warrants, is filed as an exhibit to the registration statement of which this prospectus is a part. The following summaries of certain provisions of the form of warrant agreement and warrant certificate do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the warrant agreement and the warrant certificate.

**General**

If warrants are offered, the prospectus supplement will describe the terms of the warrants, including the following:

- the offering price;
- the currency for which warrants may be purchased;
- the designation, aggregate principal amount, currency and terms of the debt securities purchasable upon exercise of the warrants;
- if applicable, the designation and terms of the debt securities with which the warrants are issued and the number of warrants issued with each such debt security;
- if applicable, the date on and after which the warrants and the related debt securities will be separately transferable;
- the principal amount of debt securities purchasable upon the exercise of one warrant and the price and currency at which such principal amount of debt securities may be purchased upon such exercise;
- the date on which the right to exercise the warrants shall commence and the date on which such right shall expire, referred to as the expiration date;
- whether the warrants represented by the warrant certificates will be issued in registered or bearer form; and
- any other terms of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for registration of transfer (if in registered form), and may be exercised at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement. Prior to the exercise of their warrants, holders of warrants will not have any of the rights of holders of the debt securities purchasable upon exercise, including the right to receive payments of principal of, premium, if any, or interest, if any, on the debt securities purchasable upon exercise or to enforce covenants in the indenture.

**Exercise of Warrants**

Each warrant will entitle the holder to purchase a principal amount of debt securities at the exercise price as shall in each case be set forth in, or calculable from, the prospectus supplement relating to the warrants. Warrants may be exercised at any time up to 5:00 p.m. New York time on the expiration date set forth in the prospectus supplement relating to the warrants. After the close of business on the expiration date (or such later date to which we may extend the expiration date), unexercised warrants will become void.

Warrants may be exercised by delivery to the warrant agent of payment as provided in the prospectus supplement of the amount required to purchase the debt securities purchasable upon exercise, together with the required information set forth on the reverse side of the warrant certificate. Warrants will be deemed to have been exercised upon receipt of the exercise price, subject to the receipt within five business days of the warrant certificate evidencing the warrants. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, issue and deliver the debt securities purchasable upon that exercise. If fewer than all of the warrants represented by a warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

## PLAN OF DISTRIBUTION

We may sell the securities being offered hereby directly to purchasers, through agents, through underwriters, or through dealers. In the applicable prospectus supplement, we will set forth the terms of the offering of securities made by that prospectus supplement, including the name or names of any underwriters, the public offering price and the proceeds we will receive from that sale, any underwriting discounts and other items constituting underwriters' compensation, any discounts or commissions allowed or reallocated or paid to dealers and any securities exchanges on which those securities may be listed.

We may directly solicit offers to purchase securities or we may designate agents from time to time to solicit offers. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered who may be deemed to be an underwriter, as that term is defined in the Securities Act of 1933, will be named, and any commissions payable by us to that agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment (ordinarily five business days or less).

If an underwriter or underwriters are utilized in the sale, we will execute an underwriting agreement with such underwriters at the time of sale to them and the names of the underwriters and the terms of the transaction will be set forth in the applicable prospectus supplement, which will be used by the underwriters to make resales of the securities in respect of which this prospectus is delivered to the public.

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, then we will sell those securities to the dealer, as principal. The dealer may then resell those securities to the public at varying prices to be determined by that dealer at the time of resale.

Agents, underwriters, and dealers may be entitled under the relevant agreements to indemnification by us against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

If so indicated in the applicable prospectus supplement, we will authorize agents and underwriters to solicit offers to purchase securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each delayed delivery contract will be for an amount not less than, and unless we otherwise agree, the aggregate proceeds of securities pursuant to contracts shall not be less than, nor more than, the respective proceeds stated in the prospectus supplement. Purchasers with whom contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but shall in all cases be subject to our approval. Contracts will not be subject to any conditions except that the purchase by an institution of the securities covered by its contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which that institution is subject. A commission indicated in the applicable prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to contracts accepted by us.

The place and time of delivery for the securities in respect of which this prospectus is delivered will be set forth in the applicable prospectus supplement.
